Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

- 14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► The issuer has determined that its earnings and profits for the fiscal year ending August 19, 2025 were insufficient to characterize the full amount of its distributions to shareholders as dividends under IRC section 301(c). As a result of this determination, a portion of those distributions has been characterized as a return of capital. See attached.
- 15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► See attachment for class specifics. This will reduce a U.S. shareholder's tax basis to the extent of a U.S. shareholder's tax basis in each share of the issuer.
- 16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► The issuer's total distributions paid to shareholders during its taxable year ending August 19, 2025 were in excess of both its current and accumulated earnings and profits. This will reduce a U.S. shareholder's tax basis to the extent of a U.S. shareholder's tax basis in each share of the issuer.

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ► [Sections 301\(c\) and 316\(a\) of the internal Revenue Code.](#)
