

INTERNET NOTICE

Paris, France, 28 December 2022

As part of its strategic plan, Natixis Investment Managers aims to improve its model and simplify its organisational structure.

It has therefore decided to transfer some of the activities currently carried out by the Solutions business of Natixis Investment Managers International to Ostrum Asset Management. This change will take effect on 1 January 2023 and will enable Ostrum Asset Management to provide its customers with more diversification as additional quantitative management expertise broadens its service offering.

Natixis Investment Managers International will still be the management company for the funds listed below, but the associated financial management will be delegated to Ostrum Asset Management.

These changes will take effect on 1 January 2023.

The legal documentation for the UCIs (key investor information documents (KIIDs) and prospectuses) is available from SEEYOND and Natixis Investment Managers International: www.im.natixis.com.

It will be sent to you within eight working days of receipt of a written request to:
