

NOTICE TO UNITHOLDERS

Compliance with the provisions of European Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial services sector (the "SFDR Regulation")

The European Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (the "SFDR Regulation") will come into force on 10 March 2021.

This regulation aims to establish a European framework to promote sustainable investments by setting forth transparency obligations in funds' legal documentation.

In accordance with Article 6 of this regulation, all of our funds must henceforth describe the manner in which sustainability risks are integrated into investment decisions and the possible impacts on the funds' profitability.

In the appendix, you can find the list of funds that include only this sustainability risk in their legal documentation. This risk is as follows:

"Sustainability risk" means an environmental, social or governance event or condition that, if it occurs, could cause an actual or a potential material negative impact on the value of the investment.

This change will take effect on 10/03/2021.

In addition, we would like to inform you that the SFDR Regulation defines two product categories:

- Products that promote environmental and/or social characteristics ("Article 8" products);
and
- Products that have sustainable investment as their objective ("Article 9" products).

We would like to inform you that the funds listed in the appendix are not covered by these two categories.

The other provisions of the legal documentation remain unchanged.

The Key Investor Information Document (KIID) and prospectus can be sent to you within eight business days of receipt of a written request addressed to:

Natixis Investment Managers International
43 avenue Pierre Mendès-France, 75013 Paris, France
Email: clientservicingAM@natixis.com

and from the facilities agent Société Générale London Branch, ONE BANK STREET, Canary Wharf,
London E14 4SG, United Kingdom.
