(together the “Funds”)

Effective immediately, “APPENDIX B – Financial Intermediary Specific Commissions & Investment Minimum Waivers” is amended and restated as follows:

APPENDIX B – Financial Intermediary Specific Commissions & Investment Minimum Waivers

**UBS Financial Services, Inc. (“UBS-FS”)**

Pursuant to an agreement with the Funds, Class Y shares may be available on certain brokerage platforms at UBS-FS. For such platforms, UBS-FS may charge commissions on brokerage transactions in the Funds’ Class Y shares. A shareholder should contact UBS-FS for information about the commissions charged by UBS-FS for such transactions. The minimum for the Class Y shares is waived for transactions through such brokerage platforms at UBS-FS.
NATIXIS FUNDS

Effective July 1, 2019, the following is added to the Prospectus as “APPENDIX B – Financial Intermediary Specific Commissions & Investment Minimum Waivers”:

APPENDIX B – Financial Intermediary Specific Commissions & Investment Minimum Waivers

UBS Financial Services, Inc. (“UBS-FS”)

Pursuant to an agreement with the Funds, Class Y shares may be available on certain brokerage platforms at UBS-FS. For such platforms, UBS-FS may charge commissions on brokerage transactions in each Fund’s Class Y shares. A shareholder should contact UBS-FS for information about the commissions charged by UBS-FS for such transactions. Shares of each Fund are available in other share classes that have different fees and expenses.

The initial and subsequent investment minimums for Class Y shares are waived for transactions through such brokerage platforms at UBS-FS.
Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on the Fund’s website, and you will be notified by mail each time a report is posted and provided with a website link to access the report. If you wish to continue receiving paper copies of your shareholder reports after January 1, 2021, you can inform the Fund at any time by calling 1-800-225-5478. If you hold your account with a financial intermediary and you wish to continue receiving paper copies after January 1, 2021, you should call your financial intermediary directly. Paper copies are provided free of charge, and your election to receive reports in paper will apply to all funds held with the Natixis Funds complex. If you have already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You currently may elect to receive shareholder reports and other communications from the Fund or your financial intermediary electronically at www.icsdelivery.com/natixisfunds.

The Securities and Exchange Commission (“SEC”) has not approved or disapproved any Fund’s shares or determined whether this Prospectus is truthful or complete. Any representation to the contrary is a crime.

AEW Global Focused Real Estate Fund

Investment Goal
The Fund seeks to provide investors with above-average income and long-term growth of capital.

Fund Fees & Expenses
The following table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least $50,000 in the Natixis Fund Complex. More information about these and other discounts is available from your financial professional and in the section “How Sales Charges Are Calculated” on page 13 of the Prospectus, in Appendix A to the Prospectus and on page 63 in the section “Reduced Sales Charges” of the Statement of Additional Information (“SAI”).

</tbody>
</table>

1 Other expenses are estimated for the current fiscal year.
2 AEW Capital Management, L.P. (“AEW” or the “Adviser”) has given a binding contractual undertaking to the Fund to limit the amount of the Fund’s total annual fund operating expenses to 1.15%, 1.90%, 0.85%, 1.15% and 0.90% of the Fund’s average daily net assets for Class A, C, N, T and Y shares, respectively, exclusive of brokerage expenses, interest expense, taxes, acquired fund fees and expenses, organizational and extraordinary expenses, such as litigation and indemnification expenses. This undertaking is in effect through May 31, 2020 and may be terminated before then only with the consent of the Fund’s Board of Trustees. The Fund’s investment adviser will be permitted to recover, on a class by class basis, management fees waived and/or expenses reimbursed to the extent that expenses in later periods fall below applicable expense limitations for Class A, C, N, T and Y shares. The Fund will not be obligated to repay any such waived/reimbursed fees and expenses more than one year after the end of the fiscal year in which the fees or expenses were waived/reimbursed.
3 Natixis Advisors, L.P. (“Natixis Advisors”) has given a binding contractual undertaking to the Fund to reimburse any and all transfer agency expenses for Class N shares. This undertaking is in effect through May 31, 2020 and may be terminated before then only with the consent of the Fund’s Board of Trustees.

Example
This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest $10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods (except where indicated). The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same, except that the example is based on the Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement assuming that such waiver and/or reimbursement will only be in place through the date noted above and on the Total Annual Fund Operating Expenses for the remaining periods. Although your actual costs may be higher or lower, based on these assumptions your costs would be:
Portfolio Turnover
The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes for you if your Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During its most recently ended fiscal year, the Fund’s portfolio turnover rate was 20% of the average value of its portfolio.

Investments, Risks and Performance
Principal Investment Strategies
Under normal market conditions, the Fund will invest at least 80% of its net assets (plus any borrowings made for investment purposes) in securities, including common stocks and preferred stocks, of real estate investment trusts (“REITs”) and/or real estate-related companies (e.g., real estate operating companies). REITs are generally dedicated to owning, and usually operating, income-producing real estate, or dedicated to financing real estate. The Fund primarily invests in equity REITs, which own or lease real estate and derive their income primarily from rental income. Real estate-related companies are those companies whose principal activity involves the development, ownership, construction, management or sale of real estate; companies with significant real estate holdings; and companies that provide products or services related to the real estate industry. Companies in the real estate industry, including REITs, in which the Fund may invest may have relatively small market capitalizations. The Fund invests in securities of issuers located in no fewer than three regions, North America, Europe and Asia Pacific. Under normal circumstances, the Fund’s regional weightings will be +/- 10% of the regional weightings of the Fund’s benchmark, the FTSE EPRA Nareit Developed Real Estate Index (Net). Although the Fund does not seek to track any particular index, the Fund will be diversified in terms of geographic and property type exposures, and the FTSE EPRA Nareit Developed Real Estate Index (Net) may be used as a benchmark for the regional weighting of the Fund’s portfolio. The Fund may invest up to 10% of its assets in securities of companies located in emerging markets. For the purposes of determining whether a particular country is considered an emerging market, the Fund uses the designation set forth by the FTSE EPRA Nareit Emerging Index. The Fund follows a focused investment approach and typically holds 40 to 50 securities.

AEW employs a value-oriented investment strategy designed to identify securities that are priced below what it believes is their intrinsic value. AEW believes that ultimately the performance of real estate equity securities is dependent upon the underlying real estate assets and company management, as well as the overall influence of capital markets.

When selecting investments for the Fund, AEW generally considers the following factors that it believes help to identify those companies whose shares represent the greatest value and price appreciation potential:

Valuation: AEW has developed a proprietary model to assess the relative value of each stock in the Fund’s investment universe. This model is designed to estimate what an issuer’s anticipated cash flows are worth to a stock investor (a capital markets value) and to a direct real estate investor (a real estate value). The model helps AEW to identify stocks that it believes trade at discounts to either or both of these model values relative to similar stocks. AEW will generally sell a security once it is considered overvalued or when AEW believes that there is greater relative value in other securities in the Fund’s investment universe.

Price: AEW examines the historic pricing of each company in the Fund’s universe of potential investments. Those stocks that have underperformed in price, either in absolute terms or relative to the Fund’s investment universe in general, are typically of greater interest, provided AEW can identify and disagree with the sentiment that caused the underperformance.

Catalysts: When evaluating a security, AEW also seeks to identify potential catalysts, such as changes in interest rates, regional and local economic conditions and other factors, that in its opinion, could cause the marketplace to re-value the security upwards in the near term. These catalysts can be macro-economic (e.g. interest rate expectations), market-driven or company-specific (e.g. a company’s development pipeline) in nature.

Principal Investment Risks
The principal risks of investing in the Fund are summarized below. The Fund does not represent a complete investment program. You may lose money by investing in the Fund.
**Currency Risk:** Fluctuations in the exchange rates between different currencies may negatively affect an investment. The Fund may be subject to currency risk because it may invest in securities or other instruments denominated in, or that generate income denominated in, foreign currencies. The Fund may elect not to hedge currency risk, or may hedge such risk imperfectly, which may cause the Fund to incur losses that would not have been incurred had the risk been hedged.

**Emerging Markets Risk:** In addition to the risks of investing in foreign investments generally, emerging markets investments are subject to greater risks arising from political or economic instability, nationalization or confiscatory taxation, currency exchange restrictions, sanctions by the U.S. government and an issuer’s unwillingness or inability to pay principal or interest payments on its obligations. Emerging markets companies may be smaller and have shorter operating histories than companies in developed markets.

**Equity Securities Risk:** The value of the Fund’s investments in equity securities could be subject to unpredictable declines in the value of individual securities and periods of below-average performance in individual securities or in the equity market as a whole. Value stocks can perform differently from the market as a whole and from other types of stocks. Value stocks also present the risk that their lower valuations fairly reflect their business prospects and that investors will not agree that the stocks represent favorable investment opportunities, and they may fall out of favor with investors and underperform growth stocks during any given period. In the event an issuer is liquidated or declares bankruptcy, the claims of owners of the issuer’s bonds generally take precedence over the claims of those who own preferred stock or common stock.

**Focused Investment Risk:** Because the Fund may invest in a small number of industries or securities, it may have more risk because the impact of a single economic, political or regulatory occurrence may have a greater adverse impact on the Fund’s net asset value (“NAV”).

**Foreign Securities Risk:** Investments in foreign securities may be subject to greater political, economic, environmental, credit/counterparty and information risks. The Fund’s investments in foreign securities also are subject to foreign currency fluctuations and other foreign currency-related risks. Foreign securities may be subject to higher volatility than U.S. securities, varying degrees of regulation and limited liquidity.

**Liquidity Risk:** Liquidity risk is the risk that the Fund may be unable to find a buyer for its investments when it seeks to sell them or to receive the price it expects. Decreases in the number of financial institutions willing to make markets in the Fund’s investments or in their capacity or willingness to transact may increase the Fund’s exposure to this risk. Events that may lead to increased redemptions, such as market disruptions or increases in interest rates, may also negatively impact the liquidity of the Fund’s investments when it needs to dispose of them. If the Fund is forced to sell its investments at an unfavorable time and/or under adverse conditions in order to meet redemption requests, such sales could negatively affect the Fund. Liquidity issues may also make it difficult to value the Fund’s investments.

**Management Risk:** A strategy used by the Fund’s portfolio managers may fail to produce the intended result.

**Market/Issuer Risk:** The market value of the Fund’s investments will move up and down, sometimes rapidly and unpredictably, based upon overall market and economic conditions, as well as a number of reasons that directly relate to the issuers of the Fund’s investments, such as management performance, financial condition and demand for the issuers’ goods and services.

**Real Estate Risk:** Because the Fund concentrates its investments in REITs and the real estate industry, the Fund’s performance will be dependent in part on the performance of the real estate market and the real estate industry in general. Investments in the real estate industry, including REITs, are particularly sensitive to economic downturns and are sensitive to factors such as changes in real estate values, property taxes and tax laws, interest rates, cash flow of underlying real estate assets, occupancy rates, government regulations affecting zoning, land use and rents and the management skill and creditworthiness of the issuer. Companies in the real estate industry also may be subject to liabilities under environmental and hazardous waste laws. In addition, the value of a REIT is affected by changes in the value of the properties owned by the REIT or mortgage loans held by the REIT. REITs are also subject to default and prepayment risk. Many REITs are highly leveraged, increasing their risk. The Fund will indirectly bear its proportionate share of expenses, including management fees, paid by each REIT in which it invests in addition to the expenses of the Fund.

**Small- and Mid-Capitalization Companies Risk:** Compared to large-capitalization companies, small- and mid-capitalization companies are more likely to have limited product lines, markets or financial resources. Stocks of these companies often trade less frequently and in limited volume and their prices may fluctuate more than stocks of large-capitalization companies. As a result, it may be relatively more difficult for the Fund to buy and sell securities of small-and mid-capitalization companies.

**Risk/Return Bar Chart and Table**

The bar chart and table shown below provide some indication of the risks of investing in the Fund by showing changes in the Fund’s performance from year-to-year and by showing how the Fund’s average annual returns for the one-year, five-year, ten-year and life-of-class periods (as applicable) compare to those of a broad measure of market performance. The Fund’s past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available online at im.natixis.com and/or by calling the Fund toll-free at 800-225-5478.

The chart does not reflect any sales charge that you may be required to pay when you buy or redeem the Fund’s shares. A sales charge will reduce your return.
The Fund’s Class Y shares total return year to date as of March 31, 2019 was 15.22%.

</tr>
</tbody>
</table>

① Effective at the close of business on May 31, 2019, the FTSE EPRA Nareit Developed Real Estate Index (Net) replaced the MSCI U.S. REIT Index as the Fund’s primary benchmark because the Fund believes the FTSE EPRA Nareit Developed Real Estate Index (Net), an index designed to track the performance of listed real estate companies and REITs worldwide, is a more appropriate comparison to the Fund’s investment strategies. It is not possible to invest directly in an index.

The Fund did not have Class T shares outstanding during the periods shown above. The returns of Class T shares would have been substantially similar to the returns of the Fund’s other share classes because they would have been invested in the same portfolio of securities and would only differ to the extent the other share classes did not have the same expenses. Performance of Class T shares shown above is that of Class A shares, which have the same expenses as Class T shares, restated to reflect the different sales load applicable to Class T shares.

The Fund revised its investment strategies at the close of business on May 31, 2019, and performance may have been different had the current investment strategies been in place for all periods shown.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor’s tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-advantaged arrangements, such as 401(k) plans, qualified plans, education savings accounts, such as 529 plans, or individual retirement accounts. The Return After Taxes on Distributions and Sale of Fund Shares for the 1-year period exceeds the Return Before Taxes due to an assumed tax benefit from losses on a sale of Fund shares at the end of the measurement period. The after-tax returns are shown for only one class of the Fund. After-tax returns for the other classes of the Fund will vary. Index performance reflects no deduction for fees, expenses or taxes.

</tr>
</tbody>
</table>

There is no initial or subsequent investment minimum for:

- **Fee Based Programs** (such as wrap accounts) where an advisory fee is paid to the broker-dealer or other financial intermediary. Please consult your financial representative to determine if your fee based program is subject to additional or different conditions or fees.
- **Certain Retirement Plans**. Please consult your retirement plan administrator to determine if your retirement plan is subject to additional or different conditions or fees.
- **Clients of a Registered Investment Adviser** where the Registered Investment Adviser receives an advisory, management or consulting fee.

Class N Shares

Class N shares of the Fund are subject to a $1,000,000 initial investment minimum. There is no initial investment minimum for Certain Retirement Plans and funds of funds that are distributed by Natixis Distribution, L.P. (the “Distributor”). Sub-accounts held within an omnibus account, where the omnibus account has at least $1,000,000, are not required to meet the investment minimum. There is no subsequent investment minimum for these shares. In its sole discretion, the Distributor may waive the investment minimum requirement for accounts as to which the Distributor reasonably believes will have enough assets to exceed the investment minimum requirement within a relatively short period of time following the establishment date of such accounts in Class N. If, after two years, an account’s value does not exceed the investment minimum requirement, the Distributor and the Fund reserve the right to redeem such account.

Class T Shares

Class T shares of the Fund are not currently available for purchase.

Class T shares of the Fund may only be purchased by investors who are investing through an authorized third party, such as a broker-dealer or other financial intermediary, that has entered into a selling agreement with Natixis Distribution, L.P. Investors may not hold Class T shares directly with the Fund. Class T shares are subject to a minimum initial investment of $2,500 and a minimum subsequent investment of $50. Not all financial intermediaries make Class T shares available to their clients.

Class Y Shares

Class Y shares of the Fund are generally subject to a minimum initial investment of $100,000 and a minimum subsequent investment of $50, except there is no minimum initial or subsequent investment for:

- **Fee Based Programs** (such as wrap accounts) where an advisory fee is paid to the broker-dealer or other financial intermediary. Please consult your financial representative to determine if your fee based program is subject to additional or different conditions or fees.
- **Certain Retirement Plans**. Please consult your retirement plan administrator to determine if your retirement plan is subject to additional or different conditions or fees.
- **Certain Individual Retirement Accounts** if the amounts invested represent rollover distributions from investments by any of the retirement plans invested in the Fund.
- **Clients of a Registered Investment Adviser** where the Registered Investment Adviser receives an advisory, management or consulting fee.
- **Fund Trustees**, former Fund trustees, employees of affiliates of the Natixis Funds and other individuals who are affiliated with any Natixis Fund (this also applies to any spouse, parents, children, siblings, grandparents, grandchildren and in-laws of those mentioned) and Natixis affiliate employee benefit plans.

At the discretion of Natixis Advisors, L.P., clients of Natixis Advisors, L.P. and its affiliates may purchase Class Y shares of the Fund below the stated minimums.

Due to operational limitations at your financial intermediary, certain fee based programs, retirement plans, individual retirement accounts and accounts of registered investment advisers may be subject to the investment minimums described above.
The Fund’s shares are available for purchase and are redeemable on any business day through your investment dealer, directly from the Fund by writing to the Fund at Natixis Funds, P.O. Box 219579, Kansas City, MO 64121-9579, by exchange, by wire, by internet at im.natixis.com (certain restrictions may apply), through the Automated Clearing House system, or, in the case of redemptions, by telephone at 800-225-5478 or by the Systematic Withdrawal Plan.

**Tax Information**

Fund distributions are generally taxable to you as ordinary income or capital gains, except for distributions to retirement plans and other investors that qualify for tax-advantaged treatment under U.S. federal income tax law generally. Investments in such tax-advantaged plans will generally be taxed only upon withdrawal of monies from the tax-advantaged arrangement.

**Payments to Broker-Dealers and Other Financial Intermediaries**

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of the Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

AEW Global Focused Real Estate Fund

Investment Goal

The Fund seeks to provide investors with above-average income and long-term growth of capital. The Fund’s investment goal may be changed without shareholder approval. The Fund will provide 60 days’ prior written notice to shareholders before changing the investment goal.

Principal Investment Strategies

Under normal market conditions, the Fund will invest at least 80% of its net assets (plus any borrowings made for investment purposes) in securities, including common stocks and preferred stocks, of real estate investment trusts (“REITs”) and/or real estate-related companies (e.g., real estate operating companies). REITs are generally dedicated to owning, and usually operating, income-producing real estate, or dedicated to financing real estate. The Fund primarily invests in equity REITs, which own or lease real estate and derive their income primarily from rental income. Real estate-related companies are those companies whose principal activity involves the development, ownership, construction, management or sale of real estate; companies with significant real estate holdings; and companies that provide products or services related to the real estate industry. Companies in the real estate industry, including REITs, in which the Fund may invest may have relatively small market capitalizations. The Fund invests in securities of issuers located in no fewer than three regions, North America, Europe and Asia Pacific. Under normal circumstances, the Fund’s regional weightings will be +/- 10% of the regional weightings of the Fund’s benchmark, the FTSE EPRA Nareit Developed Real Estate Index (Net). Although the Fund does not seek to track any particular index, the Fund will be diversified in terms of geographic and property type exposures, and the FTSE EPRA Nareit Developed Real Estate Index (Net) may be used as a benchmark for the regional weighting of the Fund’s portfolio. The Fund may invest up to 10% of its assets in securities of companies located in emerging markets. For the purposes of determining whether a particular country is considered an emerging market, the Fund uses the designation set forth by the FTSE EPRA Nareit Emerging Index. The Fund follows a focused investment approach and typically holds 40 to 50 securities.

AEW employs a value-oriented investment strategy designed to identify securities that are priced below what it believes is their intrinsic value. AEW believes that ultimately the performance of real estate equity securities is dependent upon the underlying real estate assets and company management, as well as the overall influence of capital markets.

When selecting investments for the Fund, AEW generally considers the following factors that it believes help to identify those companies whose shares represent the greatest value and price appreciation potential:

**Valuation:** AEW has developed a proprietary model to assess the relative value of each stock in the Fund’s investment universe. This model is designed to estimate what an issuer’s anticipated cash flows are worth to a stock investor (a capital markets value) and to a direct real estate investor (a real estate value). The model helps AEW to identify stocks that it believes trade at discounts to either or both of these model values relative to similar stocks. AEW will generally sell a security once it is considered overvalued or when AEW believes that there is greater relative value in other securities in the Fund’s investment universe.

**Price:** AEW examines the historic pricing of each company in the Fund’s universe of potential investments. Those stocks that have underperformed in price, either in absolute terms or relative to the Fund’s investment universe in general, are typically of greater interest, provided AEW can identify and disagree with the sentiment that caused the underperformance.

**Catalysts:** When evaluating a security, AEW also seeks to identify potential catalysts, such as changes in interest rates, regional and local economic conditions and other factors, that in its opinion, could cause the marketplace to re-value the security upwards in the near term. These catalysts can be macro-economic (e.g. interest rate expectations), market-driven or company-specific (e.g. a company’s development pipeline) in nature.

Temporary Defensive Measures

Temporary defensive measures may be used by the Fund during adverse economic, market, political or other conditions. In this event, the Fund may hold any portion of its assets in cash (U.S. dollars, foreign currencies or multinational currency units) and/or invest in money market instruments or high-quality debt securities as it deems appropriate. The Fund may miss certain investment opportunities if it uses defensive strategies and thus may not achieve its investment goal.

Percentage Investment Limitations

The percentage limitations set forth in this Prospectus and the SAI apply at the time an investment is made and shall not be considered violated unless an excess or deficiency occurs or exists immediately after and as a result of such investment.

Portfolio Holdings

A description of the Fund’s policies and procedures with respect to the disclosure of the Fund’s portfolio securities is available in the section “Portfolio Holdings Information” in the SAI.

A “snapshot” of the Fund’s investments will be found in its annual and semiannual reports, when available. In addition, a list of the Fund’s full portfolio holdings, which is updated monthly after an aging period of at least 30 days, is available on the Fund’s website at im.natixis.com/holdings. These holdings
Investment Goals, Strategies and Risks

will remain accessible on the website until the Fund files its Form N-CSR or Form N-PORT with the SEC for the period that includes the date of the information. In addition, a list of the Fund’s top 10 holdings as of the month end is generally available within 30 business days after the month end on the Fund’s website at im.natixis.com/holdings (click fund name).

Cybersecurity and Technology

The Fund, its service providers, and other market participants increasingly depend on complex information technology and communications systems, which are subject to a number of different threats and risks that could adversely affect the Fund and its shareholders. These risks include, among others, theft, misuse, and improper release of confidential or highly sensitive information relating to the Fund and its shareholders, as well as compromises or failures to systems, networks, devices and applications relating to the operations of the Fund and its service providers. Power outages, natural disasters, equipment malfunctions and processing errors that threaten these systems, as well as market events that occur at a pace that overloads these systems, may also disrupt business operations or impact critical data. Cybersecurity and other operational and technology issues may result in financial losses to the Fund and its shareholders, impede business transactions, violate privacy and other laws, subject the Fund to certain regulatory penalties and reputational damage, and increase compliance costs and expenses. Although the Fund has developed processes, risk management systems, and business continuity plans designed to reduce these risks, the Fund does not directly control the cybersecurity defenses, operational and technology plans and systems of its service providers, financial intermediaries and companies in which it invests or with which it does business. The Fund and its shareholders could be negatively impacted as a result. Similar types of cybersecurity risks also are present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers, and may cause the Fund’s investment in such securities to lose value.

More About Risks

This section provides more information on principal risks that may affect the Fund’s portfolio, as well as information on additional risks the Fund may be subject to because of its investments or practices. In seeking to achieve its investment goals, the Fund may also invest in various types of securities and engage in various investment practices which are not a principal focus of the Fund and therefore are not described in this Prospectus. These securities and investment practices and their associated risks are discussed in the Fund’s SAI, which is available without charge upon request (see back cover).

Currency Risk

Fluctuations in the exchange rates between different currencies may negatively affect an investment. The Fund may be subject to currency risk because it may invest in currency-related instruments and/or securities or other instruments denominated in, or that generate income denominated in, foreign currencies. The market for some or all currencies may from time to time have low trading volume and become illiquid, which may prevent the Fund from effecting a position or from promptly liquidating unfavorable positions in such markets, thus subjecting the Fund to substantial losses. The Fund may elect not to hedge currency risk, or may hedge such risk imperfectly, which may cause the Fund to incur losses that would not have been incurred had the risk been hedged.

Emerging Markets Risk

Economic and Political Risks. Emerging market countries often experience instability in their political and economic structures and have less market depth, infrastructure, capitalization and regulatory oversight than more developed markets. Government actions could have a significant impact on the economic conditions in such countries, which in turn would affect the value and liquidity of the assets of the Fund invested in emerging market securities. Specific risks that could decrease the Fund’s return include seizure of a company’s assets, restrictions imposed on payments as a result of blockages on foreign currency exchanges and unanticipated social or political occurrences.

Companies trading in developing securities markets are generally smaller and have shorter operating histories than companies trading in developed markets. Foreign investors may be required to register the proceeds of sales. Settlement of securities transactions in emerging markets may be subject to risk of loss and may be delayed more often than transactions settled in the United States. Disruptions resulting from social and political factors may cause the securities markets to close. If extended closings were to occur, the liquidity and value of the Fund’s assets invested in corporate debt obligations of emerging market companies would decline.

Investment Controls; Repatriation. Foreign investment in emerging market country debt securities is restricted or controlled to varying degrees. These restrictions may at times limit or preclude foreign investment in certain emerging market country debt securities. Certain emerging market countries require government approval of investments by foreign persons, limit the amount of investments by foreign persons in a particular issuer, limit investments by foreign persons only to a specific class of securities of an issuer that may have less advantageous rights than the classes available for purchase by domiciliaries of the countries and/or impose additional taxes or controls on foreign investors or currency transactions. Certain emerging market countries may also restrict investment opportunities in issuers in industries deemed important to national interests.

Emerging market countries may require governmental approval for the repatriation of investment income, capital or proceeds of sale of securities by foreign investors. In addition, if a deterioration occurs in an emerging market country’s balance of payments, the country could impose temporary restrictions on foreign capital remittances. The Fund could be adversely affected by delays in, or a refusal to grant, any required governmental approval for repatriation of capital, as well as by the application to the Fund of any restrictions on investments. Investing in local markets in emerging market countries may require the Fund to adopt special procedures, seek local governmental approvals or take other actions, each of which may involve additional costs to the Fund.
Equity Securities Risk
The value of your investment in the Fund is based on the market value (or price) of the securities the Fund holds. You may lose money on your investment due to unpredictable declines in the value of individual securities and/or periods of below-average performance in individual securities, industries or in the equity market as a whole. This may impact the Fund's performance and may result in higher portfolio turnover, which may increase the tax liability to taxable shareholders and the expenses incurred by the Fund. The market value of a security can change daily due to political, economic and other events that affect the securities markets generally, as well as those that affect particular companies or governments. These price movements, sometimes called volatility, will vary depending on the types of securities the Fund owns and the markets in which they trade. Historically, the equity markets have moved in cycles, and the value of the Fund’s equity securities may fluctuate drastically from day to day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response to such trends and developments. Securities issued in initial public offerings tend to involve greater market risk than other equity securities due, in part, to public perception and the lack of publicly available information and trading history. Rule 144A securities may be less liquid than other equity securities. Small-capitalization and emerging growth companies may be subject to more abrupt price movements, limited markets and less liquidity than larger, more established companies, which could adversely affect the value of the Fund’s portfolio. Growth stocks are generally more sensitive to market movements than other types of stocks primarily because their stock prices are based heavily on future expectations. If the Adviser’s assessment of the prospects for a company’s growth is wrong, or if the Adviser’s judgment of how other investors will value the company’s growth is wrong, then the price of the company’s stock may fall or not approach the value that the Adviser has placed on it. Value stocks can perform differently from the market as a whole and from other types of stocks. Value stocks also present the risk that their lower valuations fairly reflect their business prospects and that investors will not agree that the stocks represent favorable investment opportunities, and they may fall out of favor with investors and underperform growth stocks during any given period. Common stocks represent an equity or ownership interest in an issuer. In the event an issuer is liquidated or declares bankruptcy, the claims of owners of the issuer’s bonds generally take precedence over the claims of those who own preferred stock or common stock.

Focused Investment Risk
Because the Fund may invest in a particular industry, such as the real estate industry, or a small number of industries or securities, it may have more risk because the impact of a single economic, political or regulatory occurrence may have a greater adverse impact on the Fund’s NAV. Investments in the real estate industry are particularly sensitive to economic downturns. See the section “Real Estate Risk” below.

Foreign Securities Risk
Foreign securities risk is the risk associated with investments in issuers located in foreign countries. The Fund’s investments in foreign securities may experience more rapid and extreme changes in value than investments in securities of U.S. issuers. The securities markets of many foreign countries are relatively small, with a limited number of issuers and a small number of securities. In addition, foreign companies often are not subject to the same degree of regulation as U.S. companies. Reporting, accounting and auditing standards of foreign countries differ, in some cases significantly, from U.S. standards. Many countries, including developed nations and emerging markets, are faced with concerns about high government debt levels, credit rating downgrades, the future of the euro as a common currency, possible government debt restructuring and related issues, all of which may cause the value of the Fund’s non-U.S. investments to decline. Nationalization, expropriation or confiscatory taxation, currency blockage, the imposition of sanctions by the U.S. government, political changes or diplomatic developments may also cause the value of the Fund’s non-U.S. investments to decline. When imposed, foreign withholding or other taxes reduce the Fund’s return on foreign securities. In the event of nationalization, expropriation or other confiscation, the Fund could lose its entire foreign investment. Investments in emerging markets may be subject to these risks to a greater extent than those in more developed markets and securities of developed market companies that conduct substantial business in emerging markets may also be subject to greater risk. These risks also apply to securities of foreign issuers traded in the United States or through depositary receipt programs such as American Depositary Receipts. To the extent the Fund invests a significant portion of its assets in a specific geographic region, the Fund may have more exposure to regional political, economic, environmental, credit/cOUNTERparty and information risks. In addition, foreign securities may be subject to increased credit/cOUNTERparty risk because of the potential difficulties of requiring foreign entities to honor their contractual commitments.

Liquidity Risk
Liquidity risk is the risk that the Fund may be unable to find a buyer for its investments when it seeks to sell them or to receive the price it expects. Decreases in the number of financial institutions willing to make markets in the Fund’s investments or in their capacity or willingness to transact may increase the Fund’s exposure to this risk. Events that may lead to increased redemptions, such as market disruptions or increases in interest rates, may also negatively impact the liquidity of the Fund’s investments when it needs to dispose of them. If the Fund is forced to sell its investments at an unfavorable time and/or under adverse conditions in order to meet redemption requests, such sales could negatively affect the Fund. Securities acquired in a private placement, such as Rule 144A securities, are generally subject to significant liquidity risk because they are subject to strict restrictions on resale and there may be no liquid secondary market or ready purchaser for such securities. Non-exchange traded derivatives are generally subject to significant liquidity risk as well. Liquidity issues may also make it difficult to value the Fund’s investments. In some cases, especially during periods of market turmoil, a redemption may dilute the interest of the remaining shareholders.

Management Risk
Management risk is the risk that the portfolio managers’ investment techniques could fail to achieve the Fund’s objective and could cause your investment in the Fund to lose value. The Fund is subject to management risk because the Fund is actively managed. The portfolio managers will apply their investment
techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that such decisions will produce the desired results. For example, securities that the portfolio managers expect to appreciate in value may, in fact, decline. Similarly, in some cases, derivative and other investment techniques may be unavailable or the portfolio managers may determine not to use them, even under market conditions where their use could have benefited the Fund.

**Market/Issuer Risk**
The market value of the Fund’s investments will move up and down, sometimes rapidly and unpredictably, based upon overall market and economic conditions, as well as a number of reasons that directly relate to the issuers of the Fund’s investments, such as management performance, financial condition and demand for the issuers’ goods and services.

**Real Estate Risk**
Because the Fund concentrates its investments in REITs and the real estate industry, the Fund’s performance will be dependent in part on the performance of the real estate market and the real estate industry in general. Investments in the real estate industry including REITs are particularly sensitive to economic downturns and are sensitive to factors such as changes in real estate values, property taxes, interest rates, cash flow of underlying real estate assets, occupancy rates, government regulations affecting zoning, land use and rents and the management skill and creditworthiness of the issuer. Companies in the real estate industry may also be subject to liabilities under environmental and hazardous waste laws. In addition, the value of a REIT is affected by changes in the value of the properties owned by the REIT or securing mortgage loans held by the REIT. Many REITs are highly leveraged, increasing their risk. The Fund will indirectly bear its proportionate share of expenses, including management fees, paid by each REIT in which it invests in addition to the expenses of the Fund.

**Small- and Mid-Capitalization Companies Risk**
Compared to companies with large market capitalization, small- and mid-capitalization companies are more likely to have limited product lines, markets or financial resources, or to depend on a small, inexperienced management group. Securities of these companies often trade less frequently and in limited volume and their prices may fluctuate more than stocks of large-capitalization companies. Securities of small- and mid-capitalization companies may therefore be more vulnerable to adverse developments than those of large-capitalization companies. As a result, it may be relatively more difficult for the Fund to buy and sell securities of small- and mid-capitalization companies.

---

**Management Team**

**Meet the Fund’s Investment Adviser**
The Natixis Funds family currently includes 39 mutual funds (the “Natixis Funds”). The Natixis Funds family had combined assets of $49.3 billion as of December 31, 2018. Natixis Funds are distributed through Natixis Distribution, L.P. (the “Distributor”).

**Adviser**

**AEW**, located at Seaport East, Two Seaport Lane, Boston, Massachusetts 02210, serves as the adviser to the AEW Global Focused Real Estate Fund. Together with other AEW adviser affiliates, AEW had $74.8 billion in assets under management as of December 31, 2018. For the fiscal year ended January 31, 2019, the AEW Global Focused Real Estate Fund paid 0.61% (after waiver) of its average daily net assets to AEW in advisory fees.

A discussion of the factors considered by the Fund’s Board of Trustees in approving the Fund’s investment advisory contract is available in the Fund’s financial report for the six months ended July 31, 2018.

**Portfolio Trades**

In placing portfolio trades, AEW may use brokerage firms that market the Fund’s shares or are affiliated with Natixis US, Natixis Advisors or AEW. In placing trades, AEW will seek to obtain the best combination of price and execution, which involves a number of subjective factors. Such portfolio trades are subject to applicable regulatory restrictions and related procedures adopted by the Board of Trustees.

**Meet the Fund’s Portfolio Managers**
The following persons have had primary responsibility for the day-to-day management of the Fund’s portfolio since the dates stated below. The lead portfolio manager formulates the overall global asset allocation of the Fund, and he and the co-portfolio managers are all involved in the decision making.

**Robert Oosterkamp** – Robert Oosterkamp has served as Lead Portfolio Manager for the AEW Global Focused Real Estate Fund since 2019. Mr. Oosterkamp, Director and Lead Portfolio Manager, joined AEW in 2005. Mr. Oosterkamp received his B.A. from the H.E.A.O Business School in the Netherlands and an MBA from the University of Amsterdam. He has over 21 years of investment management and investment analysis experience.

**Milton Low, CFA** – Milton Low has served as co-portfolio manager for the AEW Global Focused Real Estate Fund since 2019. Mr. Low, Director and Co-Portfolio Manager, joined AEW in 2009. Mr. Low received a Bachelor of Business degree from the Royal Melbourne Institute of Technology in Australia. He holds the designation of Chartered Financial Analyst and has over 18 years of investment management experience.
Management Team

J. Hall Jones, Jr., CFA — J. Hall Jones, Jr. has served as co-portfolio manager for the AEW Global Focused Real Estate Fund since 2006. Mr. Jones, Director and Co-Portfolio Manager, joined AEW in 1999. He is a member of the International Council of Shopping Centers, the CFA Institute and the National Association of Real Estate Investment Trusts. Mr. Jones received his B.A. from James Madison University and an M.B.A. from the College of William and Mary. He holds the designation of Chartered Financial Analyst. Mr. Jones has over 20 years of investment experience.

Gina Szymanski, CFA — Gina Szymanski has served as co-portfolio manager for the AEW Global Focused Real Estate Fund since 2017. Ms. Szymanski, Director and Co-Portfolio Manager, joined the firm in 2017. Prior to that, Ms. Szymanski worked at Putnam Investments where she managed the REIT sleeve of Putnam’s Research Fund and was a member of the Global Equity Research team. Ms. Szymanski holds an Honors Bachelor of Mathematics in Economics and Business Administration from the University of Waterloo and a Master of Science in Finance from Carnegie Mellon University. She holds the designation of Chartered Financial Analyst and has over 16 years of investment experience.

Please see the SAI for information on portfolio manager compensation, other accounts under management by the portfolio managers and the portfolio managers’ ownership of securities in the Fund.

Additional Information

The Fund enters into contractual arrangements with various parties, including, among others, the Adviser, the Distributor and the Fund’s custodian and transfer agent, who provide services to the Fund. Shareholders are not parties to, or intended to be third-party beneficiaries of, any of those contractual arrangements, and those contractual arrangements are not intended to create in any individual shareholder or group of shareholders any right to enforce such arrangements against the service providers or to seek any remedy thereunder against the service providers, either directly or on behalf of the Fund.

This Prospectus provides information concerning the Fund that you should consider in determining whether to purchase shares of the Fund. None of this Prospectus, the SAI or any contract that is an exhibit to the Fund’s registration statement, is intended to, nor does it, give rise to an agreement or contract between the Fund and any investor, or give rise to any contract or other rights in any individual shareholder, group of shareholders or other person other than any rights conferred explicitly by applicable federal or state securities laws that may not be waived.
Investing in the Fund

Choosing a Share Class

Each class has different costs associated with buying, selling and holding Fund shares, which allows you to choose the class that best meets your needs. Which class is best for you depends upon a number of factors, including the size of your investment and how long you intend to hold your shares. Certain share classes and certain shareholder features may not be available to you if you hold your shares through a financial intermediary. Your financial representative can help you decide which class of shares is most appropriate for you. The Fund may engage financial intermediaries to receive purchase, exchange and sell orders on its behalf. Accounts established directly with the Fund will be serviced by the Fund’s transfer agent. The Fund, the Fund’s transfer agent and the Distributor do not provide investment advice.

Class A Shares
- You pay a sales charge when you buy Class A shares. There are several ways to reduce this charge. See the section “How Sales Charges Are Calculated.”
- You pay lower annual expenses than Class C shares, giving you the potential for higher returns per share. However, where front-end sales charges are applicable, returns are earned on a smaller amount of your investment.
- You pay higher expenses than Class N and Class Y shares.
- You do not pay a sales charge if your total investment reaches $1 million or more, but you may pay a charge on redemptions if you redeem these shares within 18 months of purchase.

Class C Shares
- You do not pay a sales charge when you buy Class C shares. All of your money goes to work for you right away.
- You pay higher annual expenses than Class A, Class N, Class T and Class Y shares.
- You may pay a sales charge on redemptions if you sell your Class C shares within one year of purchase.
- Investors will not be permitted to purchase $1 million or more of Class C shares as a single investment per account. There may be certain exceptions to this restriction for omnibus and other nominee accounts. Investors may want to consider the lower operating expense of Class A shares in such instances.
- You may pay a charge on redemptions if you redeem Class A shares within 18 months of purchase.
- Effective June 1, 2018, except as noted below, Class C shares automatically convert to Class A shares after 10 years. Please see the section “Exchanging or Converting Shares” for details regarding a conversion of shares. Generally, to be eligible to have your Class C shares automatically converted to Class A shares, the Fund or the financial intermediary through which you purchased your shares will need to have records verifying that your Class C shares have been held for 10 years. Due to operational limitations at your financial intermediary, your ability to have your Class C shares automatically converted to Class A shares may be limited. Group retirement plans of certain financial intermediaries who hold Class C shares with the Fund in an omnibus account do not track participant level aging of shares and therefore these shares will not be eligible for an automatic conversion. Certain intermediaries may convert your Class C shares to Class A shares in accordance with a conversion schedule that may differ from the one described above. Please consult your financial representative for more information.

Class N Shares
- You have a minimum initial investment of $1,000,000. There are several ways to waive this minimum. See the section “Purchase and Sale of Fund Shares.”
- You do not pay a sales charge when you buy Class N shares. All of your money goes to work for you right away.
- You do not pay a sales charge on redemptions.
- You pay lower annual expenses than Class A, Class C, Class T and Class Y shares, giving you the potential for higher returns per share.

Class T Shares
- Class T shares of the Fund are not currently available for purchase.
- The shares are available to a limited type of investor. See the section “Purchase and Sale of Fund Shares.”
- You pay a sales charge when you buy Class T shares. This charge is reduced for purchases of $250,000 or more. See the section “How Sales Charges Are Calculated.”
- You pay lower annual expenses than Class C shares giving you the potential for higher returns per share. However, where front-end sales charges are applicable, returns are earned on a smaller amount of your investment.
- You pay higher expenses than Class N and Class Y shares.

Class Y Shares
- You have a minimum initial investment of $100,000. There are several ways to waive this minimum. See the section “Purchase and Sale of Fund Shares.”
- You do not pay a sales charge when you buy Class Y shares. All of your money goes to work for you right away.
- You do not pay a sales charge on redemptions.
- You pay lower annual expenses than Class A, Class C and Class T shares, giving you the potential for higher returns per share.
You pay higher annual expenses than Class N shares. For information about the Fund’s expenses, see the section “Fund Fees & Expenses” in the Fund Summary.

How Sales Charges Are Calculated

Class A Shares

The price that you pay when you buy Class A shares (the “offering price”) is their NAV plus a sales charge (sometimes called a “front-end sales charge”), which varies depending upon the size of your purchase:

### Class A Sales Charges*

<table>
<thead>
<tr>
<th>Your Investment</th>
<th>As a % of offering price</th>
<th>As a % of your investment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than $50,000</td>
<td>5.75%</td>
<td>6.10%</td>
</tr>
<tr>
<td>$50,000-$99,999</td>
<td>4.50%</td>
<td>4.71%</td>
</tr>
<tr>
<td>$100,000-$249,999</td>
<td>3.50%</td>
<td>3.63%</td>
</tr>
<tr>
<td>$250,000-$499,999</td>
<td>2.50%</td>
<td>2.56%</td>
</tr>
<tr>
<td>$500,000-$999,999</td>
<td>2.00%</td>
<td>2.04%</td>
</tr>
<tr>
<td>$1,000,000 or more**</td>
<td>0.00%</td>
<td>0.00%</td>
</tr>
</tbody>
</table>

Due to rounding, the actual sales charge for a particular transaction may be higher or lower than the rates listed above.

* Not imposed on shares that are purchased with reinvested dividends or other distributions.
** For purchases of Class A shares of the Fund of $1 million or more, there is no front-end sales charge, but a CDSC of 1.00% may apply to redemptions of your shares within 18 months of the date of purchase. See the section “How the CDSC is Applied to Your Shares.”

If you invest in Class A shares through a financial intermediary, it is the responsibility of the financial intermediary to ensure that you obtain the proper “breakpoint” discount. At the time of purchase you must inform the Distributor and the financial intermediary of the existence of other accounts in which there are holdings eligible to be aggregated to meet sales load breakpoints of the Fund. You may be required to provide certain records and information, such as account statements, with respect to all of your accounts that hold shares, including accounts with other financial intermediaries and your family members’ and other related party accounts, in order to verify your eligibility for a reduced sales charge. If the Distributor is not notified that you are eligible for a reduced sales charge, the Distributor will be unable to ensure that the reduction is applied to your account. Additional information concerning sales load breakpoints is available from your financial intermediary, by visiting the Fund’s website at im.natixis.com (click on “Sales Charges” at the bottom of the home page) or in the SAI.

Reducing Front-End Sales Charges

There are several ways you can lower your sales charge for Class A shares, including:

- **Letter of Intent** — By signing a Letter of Intent, you may purchase Class A shares of any Natixis Fund over a 13-month period but pay sales charges as if you had purchased all shares at once. This program can save you money if you plan to invest $50,000 or more (or $100,000 or more into Natixis Diversified Income Fund) within 13 months.

- **Cumulative Purchase Discount** — You may be entitled to a reduced sales charge if your “total investment” reaches a breakpoint for a reduced sales charge. The total investment is determined by adding the amount of your current purchase in the Fund, including the applicable sales charge, to the current public offering price of all series and classes of shares (excluding Class T shares) of the Natixis Funds held by you in one or more accounts. If your total investment exceeds a sales charge breakpoint in the table above, the lower sales charge applies to the entire amount of your current purchase in the Fund.

- **Combining Accounts** — This allows you to combine shares of multiple Natixis Funds and classes for purposes of calculating your sales charge. *Individual Accounts:* You may elect to combine your purchase(s) and your total investment, as defined above, with the purchases and total investment of your spouse, parents, children, siblings, grandparents, grandchildren, in-laws (of those previously mentioned), individual retirement accounts, sole proprietorships, single trust estates and any other individuals acceptable to the Distributor.

*Retirement Plan Accounts:* The Distributor may, at its discretion, combine the purchase(s) and total investment of all qualified participants in the same retirement plan for purposes of determining the availability of a reduced sales charge.

In most instances, individual accounts may not be linked with certain retirement plan accounts for the purposes of calculating sales charges. Savings Incentive Match Plan for Employees (“SIMPLE IRA”) contributions will automatically be linked with those of other participants in the same SIMPLE IRA Plan (Class A shares only). SIMPLE IRA accounts may not be linked with any other Natixis Fund account for rights of accumulation. Please refer to the SAI for more detailed information on combining accounts.

Eliminating Front-End Sales Charges and CDSCs

Class A shares may be offered without front-end sales charges or a CDSC to the following individuals and institutions:
• Clients of a financial intermediary that has entered into an agreement with the Distributor and has been approved by the Distributor to offer Fund shares to self-directed investment brokerage accounts that may or may not charge a transaction fee;
• Any government entity that is prohibited from paying a sales charge or commission to purchase mutual fund shares;
• All employees of financial intermediaries under arrangements with the Distributor (this also applies to spouses and children under the age of 21 of those mentioned);
• Fund trustees, former trustees, employees of affiliates of the Natixis Funds and other individuals who are affiliated with any Natixis Fund (this also applies to any spouse, parents, children, siblings, grandparents, grandchildren and in-laws of those mentioned);
• Certain Retirement Plans. The availability of this pricing may depend upon the policies and procedures of your specific financial intermediary; consult your financial adviser;
• Non-discretionary and non-retirement accounts of bank trust departments or trust companies, but only if they principally engage in banking or trust activities;
• Fee Based Programs of certain broker-dealers, the advisers or the Distributor. Please consult your financial representative to determine if your fee based program is subject to additional or different conditions or fees; and
• Registered Investment Advisers investing on behalf of clients in exchange for an advisory, management or consulting fee.

In order to receive Class A shares without a front-end sales charge or a CDSC, you must notify the appropriate Fund of your eligibility at the time of purchase. Due to operational limitations at your financial intermediary, a sales charge or a CDSC may be assessed; please consult your financial representative.

The availability of certain sales charge waivers and discounts will depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or CDSC waivers, which are discussed below. In all instances, it is the purchaser’s responsibility to notify the Fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts. Please see Appendix A to this Prospectus for information regarding eligibility for load waivers and discounts available through specific financial intermediaries, which may differ from those disclosed elsewhere in this Prospectus or in the SAI.

Repurchasing Fund Shares
You may apply proceeds from redeeming Class A shares of the Fund to repurchase Class A shares of any Natixis Fund without paying a front-end sales charge. To qualify, you must reinvest some or all of the proceeds within 120 days after your redemption and notify Natixis Funds in writing (directly or through your financial representative) at the time of reinvestment that you are taking advantage of this privilege. You may reinvest your proceeds by returning your original redemption check or sending a new check for some or all of the redemption amount. Please note: for U.S. federal income tax purposes, a redemption generally is treated as a sale that involves tax consequences, even if the proceeds are later reinvested. Please consult your tax adviser to discuss how a redemption would affect you.

Eliminating the CDSC
As long as the Distributor is notified at the time you sell, the CDSC for Class A shares will generally be eliminated in the following cases: (1) to make distributions from Certain Retirement Plans (to pay plan participants or beneficiaries due to death, disability, separation from service, normal or early retirement, loans from the plan, hardship withdrawals, return of excess contributions, or required minimum distributions at age 70 1/2 (an individual participant’s voluntary distribution or a total plan termination or total plan redemption may incur a CDSC); (2) to make payments through a systematic withdrawal plan; (3) due to shareholder death or disability; (4) to return excess IRA contributions; or (5) to make required minimum distributions at age 70 1/2 (applies only to the amount necessary to meet the required minimum distributions).

Due to operational limitations at your financial intermediary, a CDSC may be assessed, notwithstanding the exemptions above; please consult your financial representative. Please see the SAI for more information on eliminating or reducing front-end sales charges and the CDSC.

Class C Shares
The offering price of Class C shares is their NAV without a front-end sales charge. Class C shares are subject to a CDSC of 1.00% on redemptions made within one year of the date of their acquisition. The holding period for determining the CDSC will continue to run after an exchange to Class C shares of another Natixis Fund.

Eliminating the CDSC
The availability of certain CDSC waivers will depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Intermediaries may have different policies and procedures regarding the availability of CDSC waivers, which are discussed below. In all instances, it is the
purchaser’s responsibility to notify the Fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. **For waivers not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts. Please see Appendix A to this Prospectus for information regarding eligibility for CDSC discounts available through specific financial intermediaries, which may differ from those disclosed elsewhere in this Prospectus or in the SAI.**

As long as the Distributor is notified at the time you sell, the CDSC for Class C shares will generally be eliminated in the following cases: (1) to make distributions from Certain Retirement Plans to pay plan participants or beneficiaries due to death, disability, separation from service, normal or early retirement, loans from the plan, hardship withdrawals, return of excess contributions, or required minimum distributions at age 70 1/2 (an individual participant’s voluntary distribution or a total plan termination or total plan redemption may incur a CDSC); (2) to make payments through a systematic withdrawal plan; (3) due to shareholder death or disability; (4) to return excess IRA contributions; or (5) to make required minimum distributions at age 70 1/2 (applies only to the amount necessary to meet the required minimum distributions).

Due to operational limitations at your financial intermediary, a CDSC may be assessed, notwithstanding the exemptions above; please consult your financial representative. Please see the SAI for more information on eliminating or reducing front-end sales charges and the CDSC.

**How the CDSC is Applied to Your Shares**

The CDSC is a sales charge you pay when you redeem certain Fund shares. The CDSC:

- Is calculated based on the number of shares you are selling;
- Calculation is based on either your original purchase price or the current NAV of the shares being sold, whichever is lower in order to minimize your CDSC;
- Is deducted from the proceeds of the redemption unless you request, at the time of the redemption, that it be deducted from the amount remaining in your account; and
- Applies to redemptions made within the time frame shown above for each class.

A CDSC will not be charged on:

- Increases in NAV above the purchase price;
- Shares you acquired by reinvesting your dividends or capital gains distributions; or
- Exchanges. However, the original purchase date of the shares from which the exchange is made determines if the newly acquired shares are subject to the CDSC when they are sold.

To minimize the amount of the CDSC you may pay when you redeem shares, the relevant Fund will first redeem shares acquired through reinvested dividends and capital gain distributions. Shares will be sold in the order in which they were purchased (earliest to latest).

**Class N and Class Y Shares**

The offering price of Class N and Class Y shares is their NAV without a front-end load sales charge. No CDSC applies when you redeem your shares. You must meet eligibility criteria in order to invest in Class N or Class Y shares.

**Class T Shares**

The offering price of Class T shares is their NAV plus a front-end sales charge, which varies depending upon the size of your purchase.

**Class T Sales Charges**

* Due to rounding, the actual sales charge for a particular transaction may be higher or lower than the rates listed above.

** Not imposed on shares that are purchased with reinvested dividends or other distributions.
Fund Services

Compensation to Securities Dealers

As part of its business strategy, the Fund pays securities dealers and other financial institutions (collectively, “dealers”) that sell its shares. This compensation originates from two sources: sales charges (front-end or deferred) and 12b-1 fees (comprising the annual service and/or distribution fees paid under a plan adopted pursuant to Rule 12b-1 under the 1940 Act). The sales charges, some or all of which may be paid to dealers, are discussed in the section “How Sales Charges Are Calculated” and dealer commissions are disclosed in the SAI. Class A, Class C and Class T shares pay an annual service fee each of 0.25% of their respective average daily net assets. Class C shares are subject to an annual distribution fee of 0.75% of their average daily net assets. Generally, the 12b-1 fees are paid to securities dealers on a quarterly basis, but may be paid on other schedules. The SAI includes additional information about the payment of some or all of such fees to dealers. Because these distribution fees and service (12b-1) fees are paid out of the Fund’s assets on an ongoing basis, over time these fees for Class C shares will increase the cost of your investment and may cost you more than paying the front-end sales charge and service fees on Class A or Class T shares. Similarly, over time the fees for Class A, Class C and Class T shares will increase the cost of your investment and will cost you more than an investment in Class N or Class Y shares.

In addition, the Fund may make payments to financial intermediaries that provide shareholder services to shareholders whose shares are held of record in omnibus, other group accounts (for example, 401(k) plans) or accounts traded through registered securities clearing agents to compensate those intermediaries for services they provide to such shareholders, including, but not limited to, sub-accounting, sub-transfer agency, similar shareholder or participant recordkeeping, shareholder or participant reporting, or shareholder or participant transaction processing (“recordkeeping and processing-related services”). The actual payments, and the services provided, vary from firm to firm. These fees are paid by the Fund (with the exception of Class N shares, which do not bear such expenses) in light of the fact that other costs may be avoided by the Fund where the intermediary, not the Fund’s service provider, provides services to Fund shareholders.

The Distributor, the Fund’s Adviser and each of their respective affiliates may, out of their own resources, which generally come directly or indirectly from fees paid by the Fund, make payments to certain dealers and other financial intermediaries that satisfy certain criteria established from time to time by the Distributor. Payments may vary based on sales, the amount of assets a dealer’s or intermediary’s clients have invested in the Fund, and other factors. These payments may also take the form of sponsorship of seminars or informational meetings or payments for attendance by persons associated with a dealer or intermediary at informational meetings. The Distributor and its affiliates may also make payments for recordkeeping and processing-related services to financial intermediaries that sell Fund shares. These payments may be in addition to payments made by the Fund for similar services.

The payments described in this section, which may be significant to the dealers and the financial intermediaries, may create an incentive for a dealer or financial intermediary or their representatives to recommend or sell shares of the Fund or a particular share class over other mutual funds or share classes. Additionally, these payments may result in the Fund receiving certain marketing or servicing advantages that are not generally available to mutual funds that do not make such payments, including placement on a sales list, including a preferred or select sales list, or in other sales programs. These payments, which are in addition to any amounts you may pay your dealer or other financial intermediary, may create potential conflicts of interest between an investor and a dealer or other financial intermediary who is recommending a particular mutual fund over other mutual funds. Before investing, you should consult with your financial representative and review carefully any disclosure by the dealer or other financial intermediary as to what monies it receives from mutual funds and their advisers and distributors, as well as how your financial representative is compensated. Please see the SAI for additional information about payments made by the Distributor and its affiliates to dealers and intermediaries.

How to Purchase Shares

The Fund is generally available for purchase in the United States, Puerto Rico, Guam and the U.S. Virgin Islands. The Fund will only accept investments from U.S. citizens with a U.S. address (including an APO or FPO address) or resident aliens with a U.S. address (including an APO or FPO address) and a U.S. taxpayer identification number. U.S. citizens living abroad are not allowed to purchase shares in the Fund. Class N and Class T shares are not eligible to be exchanged or purchased through the website or through the Natixis Funds Automated Voice Response System.

The Fund sells its shares at the NAV next calculated after the Fund receives a properly completed investment order. The Fund generally must receive your properly completed order before the close of regular trading on the New York Stock Exchange (“NYSE”) for your shares to be bought or sold at the Fund’s NAV on that day.

All purchases made by check should be in U.S. dollars and made payable to Natixis Funds. Third party checks, travelers checks, starter checks and credit card convenience checks will not be accepted, except that, third party checks under $10,000 may be accepted. You may return an uncashed redemption check from your account to be repurchased back into your account. Upon redemption of an investment by check or by periodic account investment, redemption proceeds may be withheld until the check has cleared or the shares have been in your account for 10 days.

The Fund may periodically close to new purchases of shares or refuse any order to buy shares if the Fund determines that doing so would be in the best interests of the Fund and its shareholders. See the section “Restrictions on Buying, Selling and Exchanging Shares.”

The Fund is not available to new SIMPLE IRA plans using the Natixis Funds’ Prototype document.

You can buy shares of the Fund in several ways:
Fund Services

The Fund may engage financial intermediaries to receive purchase, exchange and sell orders on its behalf. Accounts established directly with the Fund will be serviced by the Fund’s transfer agent. The Fund, the Fund’s transfer agent and the Distributor do not provide investment advice.

**Through a financial adviser (certain restrictions may apply).** Your financial adviser will be responsible for furnishing all necessary documents to Natixis Funds. Your financial adviser may charge you for these services. Your financial adviser must receive your request in proper form before the close of regular trading on the NYSE for you to receive that day’s NAV.

**Through a broker-dealer (certain restrictions may apply).** You may purchase shares of the Fund through a broker-dealer that has been approved by the Distributor. Your broker-dealer may charge you a fee for effecting such transactions. Your broker-dealer must receive your request in proper form before the close of regular trading on the NYSE for you to receive that day’s NAV.

**Directly from the Fund.** Natixis Funds’ transfer agent must receive your purchase request in proper form before the close of regular trading on the NYSE in order for you to receive that day’s NAV.

You can purchase shares directly from the Fund in several ways:

**By mail.** You can buy shares of the Fund by submitting a completed application form, which is available online at www.im.natixis.com or by calling Natixis Funds at 800-225-5478, along with a check payable to Natixis Funds for the amount of your purchase to:

**Regular Mail**
Natixis Funds
P.O. Box 219579
Kansas City, MO 64121-9579

**Overnight Mail**
Natixis Funds
330 West 9th Street
Kansas City, MO 64105-1514

After your account has been established, you may send subsequent investments directly to Natixis Funds at the above addresses. Please include either the investment slip from your account statement or a letter specifying the Fund name, your account number and your name, address and telephone number.

**By wire.** You also may wire subsequent investments. Call Natixis Funds at 800-225-5478 to obtain wire transfer instructions. At the time of the wire transfer, you will need to include the Fund name, your class of shares, your account number and the registered account owner name(s). Your bank may charge you for such a transfer.

**By telephone.** You can make subsequent investments by calling Natixis Funds at 800-225-5478.

**By exchange.** You may purchase shares of the Fund by exchange of shares of the same class of another Fund by sending a signed letter of instruction to Natixis Funds, by calling Natixis Funds at 800-225-5478 or by accessing your account online at www.im.natixis.com.

**Through Automated Clearing House (“ACH”).** Before you can purchase shares of Natixis Funds through ACH, you must provide specific instructions to Natixis Funds in writing (see STAMP2000 Medallion Signature Guarantee below). You may purchase shares of the Fund through ACH by either calling Natixis Funds at 800-225-5478 or by accessing your account online at www.im.natixis.com.

**By internet.** If you have established a Personal Identification Number (“PIN”) and you have established the electronic transfer privilege, you can make subsequent investments through your online account at www.im.natixis.com. If you have not established a PIN, but you have established the electronic transfer privilege, go to www.im.natixis.com, click on “Account Access,” and follow the instructions.

**Through systematic investing.** You can make regular investments of $50 or more per month through automatic deductions from your bank checking or savings account. If you did not establish the electronic transfer privilege on your application, you may add the privilege by obtaining a Service Options Form through your financial adviser, by calling Natixis Funds at 800-225-5478 or by visiting www.im.natixis.com. A medallion signature guarantee may be required to add this option.

Minimum Investment Requirements for the Fund and each share class are described in the section “Purchase and Sale of Fund Shares.”

**Minimum Balance Policy**

In order to address the relatively higher costs of servicing smaller fund positions, on an annual basis the Fund may close an account and send the account holder the proceeds if the account falls below $500. The valuation of account balances for this purpose and liquidation itself generally occur during October of each calendar year, although they may occur at another date in the year.

Certain accounts, such as accounts using the Natixis Funds’ prototype document (including IRAs, Keogh Plans, 403(b)(7) plans and Coverdell Education Savings Accounts), accounts associated with fee-based programs (such as wrap programs), trust networked accounts, accounts initially funded within six months of the liquidation date, certain retirement accounts, or accounts that fall below the minimum as a result of an automatic conversion of Class C to Class A shares, are excepted from the liquidation.
Due to operational limitations, the Fund’s ability to apply the Minimum Balance Policy to shareholder accounts held through an intermediary in an omnibus fashion may be limited. The Fund may work with these intermediaries to enforce the Minimum Balance Policy on these accounts as can best be applied per the timing and constraints of the intermediaries’ account recordkeeping systems.

**Certain Retirement Plans**

Natixis Funds defines “Certain Retirement Plans” as it relates to load waivers, share class eligibility, and account minimums as follows:

Certain Retirement Plans includes 401(k) plans, 457 plans, 401(a) plans (including profit-sharing and money purchase pension plans), 403(b) and 403(b)(7) plans, defined benefit plans, non-qualified deferred compensation plans, Taft Hartley multi-employer plans and retiree health benefit plans. The accounts must be plan level omnibus accounts to qualify.

Certain Retirement Plans does not include individual retirement plan accounts such as IRAs, SIMPLE, SEP, SARSEP, Roth IRA, etc. Any retirement plan accounts registered in the name of a participant would not qualify.

**How To Redeem Shares**

You can redeem shares of the Fund directly from the Fund on any day on which the NYSE is open for business. The information below details the various ways you can redeem shares of the Fund. Except as noted below and in the “Selling Restrictions” section of this Prospectus, the Fund typically expects to pay out redemption proceeds on the next business day after a redemption request is received in good order. The information below also notes certain fees that may be charged by the Fund, its agents, your bank or your financial representative in connection to your redemption request. The Fund does not currently impose any redemption charge other than the contingent deferred sales charge (CDSC) imposed by the Fund’s distributor, as described in the “How Sales Charges Are Calculated” section of this Prospectus. The Fund’s Board of Trustees reserves the right to impose additional charges at any time.

The Fund may fund a redemption request from various sources, including sales of portfolio securities, holdings of cash or cash equivalents, and borrowings from banks (including overdrafts from the Fund’s custodian bank and/or under the Fund’s line of credit, which is shared across certain other Natixis Funds and Loomis Sayles Funds). The Fund typically will redeem shares for cash; however, as described in more detail below, the Fund reserves the right to pay the redemption price wholly or partly in-kind (i.e., in portfolio securities rather than cash), if the Fund’s Adviser determines it to be advisable and in the best interest of shareholders. If a shareholder receives a distribution in-kind, the shareholder will bear the market risk associated with the distributed securities and would incur brokerage or other charges in converting the securities to cash.

Because large redemptions are likely to require liquidation by the Fund of portfolio holdings, payment for large redemptions may be delayed for up to seven days to provide for orderly liquidation of such holdings. Under unusual circumstances, the Fund may suspend redemptions or postpone payment for more than seven days as permitted by the SEC.

Redemptions totaling more than $100,000 from a single fund/account cannot be processed on the same day unless the proceeds of the redemption are sent via pre-established banking information on the account. Please see the section “STAMP2000 Medallion Signature Guarantee” for details.

Generally, for expedited payment of redemption proceeds a transaction fee of $5.50 for wire transfers, $50 for international wire transfers or $20.50 for overnight delivery will be charged. These fees are subject to change.

**Redemptions through your financial adviser.** Your financial adviser must receive your request in proper form before the close of regular trading on the NYSE for you to receive that day’s NAV. Your financial adviser will be responsible for furnishing all necessary documents to Natixis Funds on a timely basis and may charge you for his or her services.

**Redemptions through your broker-dealer.** You may redeem shares of the Fund through a broker-dealer that has been approved by the Distributor, which can be contacted at 888 Boylston Street, Suite 800, Boston, MA 02199-8197. Your broker-dealer may charge you a fee for effecting such transaction. Your broker-dealer must receive your request in proper form before the close of regular trading on the NYSE for you to receive that day’s NAV. Your redemptions generally will be wired to your broker-dealer on the first business day after your request is received in good order.

**Redemptions directly to the Fund.** Natixis Funds’ transfer agent must receive your redemption request in proper form before the close of regular trading on the NYSE in order for you to receive that day’s NAV. Your redemptions generally will be sent to you on the first business day after your request is received in good order, although it may take longer.

You may make redemptions directly from the Fund in several ways:

**By mail.** Send a signed letter of instruction that includes the name of the Fund, the exact name(s) in which the shares are registered, any special capacity in which you are signing (such as trustee or custodian or on behalf of a partnership, corporation, or other entity), your address, telephone number, account number and the number of shares or dollar amount to be redeemed to the following address:

**Regular Mail**
Natixis Funds
P.O. Box 219579
Kansas City, MO 64121-9579

**Overnight Mail**
Natixis Funds
All owners of shares must sign the written request in the exact names in which the shares are registered. The owners should indicate any special capacity in which they are signing (such as trustee or custodian or on behalf of a partnership, corporation or other entity).

By exchange. You may sell some or all of your shares of the Fund and use the proceeds to buy shares of the same class of another sending a signed letter of instruction to Natixis Funds, by calling Natixis Funds at 800-225-5478 or by accessing your account online at www.im.natixis.com.

By internet. If you have established a Personal Identification Number (“PIN”) and you have established the electronic transfer privilege, you can redeem shares through your online account at www.im.natixis.com. If you have not established a PIN but you have established the electronic transfer privilege, go to www.im.natixis.com, click on “Account Access,” and follow the instructions.

By telephone. You may redeem shares by calling Natixis Funds at 800-225-5478. Proceeds from telephone redemption requests (less any applicable fees) can be wired to your bank account, sent electronically by ACH to your bank account or sent by check in the name of the registered owner(s) to the address of record. A wire fee will be deducted from your proceeds. Your bank may charge you a fee to receive the wire.

The telephone redemption privilege may be modified or terminated by the Fund without notice.

You may redeem by telephone to have a check sent to the address of record for the maximum amount of $100,000 per day from a single fund/account. For your protection, telephone or internet redemption requests will not be permitted if Natixis Funds has been notified of an address change or bank account information change for your account within the preceding 30 days. Unless you indicate otherwise on your account application, Natixis Funds will be authorized to accept redemption and transfer instructions by telephone. If you prefer, you can decline telephone redemption and transfer privileges.

Systematic Withdrawal Plan. If the value of your account is $10,000 or more, you can have periodic redemptions automatically paid to you or to someone you designate. Please call 800-225-5478 for more information or to set up a systematic withdrawal plan or visit www.im.natixis.com to obtain a Service Options Form.

In-Kind. Shares normally will be redeemed for cash upon receipt of a redemption request in good order, although the Fund reserves the right to pay the redemption price wholly or partly in-kind if the Fund’s Adviser determines it to be advisable and in the best interest of shareholders. For example, the Fund may pay a redemption in-kind under stressed market conditions or if the redemption amount is large.

You may also request an in-kind redemption of your shares by calling Natixis Funds at 800-225-5478. In-kind redemptions typically take several weeks to effectuate following a redemption request given the operational steps necessary to coordinate with the redeeming shareholder’s custodian. Typically, the redemption date is mutually-agreed upon by the Fund and the redeeming shareholder. The Fund is not required to pay a redemption in-kind even if requested and may in its discretion pay the redemption proceeds in cash.

Redemptions in-kind will generally, but not necessarily, result in a pro rata distribution of each security held in the Fund’s portfolio. If a shareholder receives a distribution in-kind, the shareholder will bear the market risk associated with the distributed securities and would incur brokerage or other charges in converting the securities to cash.

By wire. Before Natixis Funds can wire redemption proceeds (less any applicable fees) to your bank account, you must provide specific wire instructions to Natixis Funds in writing (see “STAMP2000 Medallion Signature Guarantee” below). A wire fee will be deducted from the proceeds of each wire.

By ACH. Before Natixis Funds can send redemptions through ACH, you must provide specific wiring instructions to Natixis Funds in writing (see “STAMP2000 Medallion Signature Guarantee” below). For ACH redemptions, proceeds will generally arrive at your bank within three business days.

STAMP2000 Medallion Signature Guarantee. You must have your signature guaranteed by a bank, broker-dealer or other financial institution that can issue a STAMP2000 Medallion Signature Guarantee for the following types of redemptions:

- If you are selling more than $100,000 per day from a single fund/account and you are requesting the proceeds by check (this does not apply to IRA transfer of assets to new custodian).
- If you are requesting that the proceeds check (of any amount) be made out to someone other than the registered owner(s) or sent to an address other than the address of record.
- If the account registration or bank account information has changed within the past 30 days.
- If you are instructing us to send the proceeds by check, wire or ACH to a bank not already active on the fund account.

The Fund will only accept STAMP2000 Medallion Signature Guarantees bearing the STAMP2000 Medallion imprint. The surety amount of the STAMP2000 medallion imprint must meet or exceed the amount on the request. Please note that a notary public cannot provide a STAMP2000 Medallion Signature Guarantee. This signature guarantee requirement may be waived by Natixis Funds in certain cases.

Exchanging or Converting Shares

In general, you may exchange shares of the Fund (excluding Class T shares) for shares of the same class of another Natixis Fund that offers such class of shares, without paying a sales charge or a CDSC, if applicable (see the sections “How to Purchase Shares” and “How to Redeem Shares”) subject to restrictions noted below. Class T shares of the Fund do not have exchange privileges. The exchange must be for at least the minimum to open an account (or the total NAV of your account, whichever is less), or, once the fund minimum is met, exchanges under the Automatic Exchange Plan must be made for at least
Restrictions on Buying, Selling and Exchanging Shares

The Fund discourages excessive short-term trading that may be detrimental to the Fund and its shareholders. Frequent purchases and redemptions of Fund shares by shareholders may present certain risks for other shareholders in the Fund. This includes the risk of diluting the value of Fund shares held by long-term shareholders, interfering with the efficient management of the Fund’s portfolio and increasing brokerage and administrative costs. Funds investing in securities that require special valuation processes (such as foreign securities, below investment grade securities or small-caps), also may have increased exposure to these risks. The Board of Trustees has adopted the following policies to address and discourage such trading.

The Fund reserves the right to suspend or change the terms of purchasing or exchanging shares. The Fund and the Distributor reserve the right to reject any purchase or exchange order for any reason, including if the transaction is deemed not to be in the best interests of the Fund’s other shareholders or possibly disruptive to the management of the Fund. A shareholder whose exchange order has been rejected may still redeem its shares by submitting a redemption request as described under “How to Redeem Shares.”

Limits on Frequent Trading. Excessive trading activity in the Fund is measured by the number of round trip transactions in a shareholder’s account. A round trip is defined as (1) a purchase (including a purchase by exchange) into the Fund followed by a redemption (including a redemption by exchange) of any amount out of the same Fund; or (2) a redemption (including a redemption by exchange) out of the Fund followed by a purchase (including a purchase by exchange) of any amount into the same Fund. Two round trip transactions in the Fund within a rolling 90-day period is considered to be excessive and will constitute a violation of the Fund’s trading limitations. After the detection of a first violation, the Fund or the Distributor will issue the shareholder and his or her financial intermediary, if any, a written warning. After the detection of a second violation (i.e., two more round trip transactions in the Fund within a rolling 90-day period), the Fund or the Distributor will restrict the account from making subsequent purchases (including purchases by exchange) for 90 days. After the detection of a third violation, the Fund or the Distributor will permanently restrict the account and any other accounts under the shareholder’s control in any Natixis Fund from making subsequent purchases (including purchases by exchange). The above limits are applicable whether a shareholder holds shares directly with the Fund or indirectly through a financial intermediary, such as a broker, bank, investment adviser, recordkeeper for retirement plan

$100 (see the section “Additional Investor Services”). All exchanges are subject to the eligibility requirements of the fund into which you are exchanging and any other limits on sales of or exchanges into that fund. The exchange privilege may be exercised only in those states where shares of such funds may be legally sold. For U.S. federal income tax purposes, an exchange of Fund shares for shares of another fund is generally treated as a sale on which gain or loss may be recognized. Subject to the applicable rules of the SEC, the Board of Trustees reserves the right to modify the exchange privilege at any time. Before requesting an exchange into any other fund, please read its prospectus carefully. You may be unable to hold your shares through the same financial intermediary if you engage in certain share exchanges. You should contact your financial intermediary for further details. Please refer to the SAI for more detailed information on exchanging Fund shares. Class N shares are not eligible to be exchanged through the website or through the Natixis Funds Automated Voice Response System.

In certain circumstances, you may convert shares of your Fund from your current share class into another share class in the same Fund. A conversion is subject to the eligibility requirements of the share class of your Fund that you are converting into including investment minimum requirements. The conversion from one class of shares to another will be based on the respective NAVs of the separate share classes on the trade date for the conversion. Except as noted below, Class C shares will automatically convert to Class A shares after 10 years. Generally, to be eligible to have your Class C shares automatically converted to Class A shares, the Fund or the financial intermediary through which you purchased your shares will need to have records verifying that your Class C shares have been held for 10 years. Due to operational limitations at your financial intermediary, your ability to have your Class C shares automatically converted to Class A shares may be limited. Group retirement plans of certain financial intermediaries who hold Class C shares with the Fund in an omnibus account do not track participant level aging of shares and therefore these shares will not be eligible for an automatic conversion. Certain intermediaries may convert your Class C shares to Class A shares in accordance with a conversion schedule that may differ from the one described above. Please consult your financial representative for more information.

Any account with an outstanding CDSC liability will be assessed the CDSC before converting to the new share class. Any conversions into a class of shares with a front end sales charge will not be subject to an initial sales charge; however, future purchases may be subject to a sales charge, if applicable. Generally, a conversion between share classes of the same fund is a nontaxable event to the shareholder. All requests for conversions must follow the procedures set forth by the Distributor. The Fund reserves the right to refuse any conversion request. Due to operational limitations at your financial intermediary, your ability to convert share classes of the same fund or have your Class C shares automatically converted to Class A shares may be limited. Please consult your financial representative for more information.

In general, you may sell Class Y shares of any Natixis Fund and use the proceeds to purchase Class I shares in any Loomis Sayles Fund, subject to the eligibility requirements, including fund minimums, of the fund you are purchasing into.

Cost Basis Reporting. Upon the redemption or exchange of your shares in the Fund, or, if you purchased your shares through a broker-dealer or other financial intermediary, your financial intermediary will be required to provide you and the Internal Revenue Service (“IRS”) with cost basis and certain other related tax information about the Fund shares you redeemed or exchanged. The cost basis reporting requirement is effective for shares purchased, including through dividend reimbursement, on or after January 1, 2012. Please contact the Fund at 800-225-5478, visit im.natixis.com or consult your financial intermediary, as appropriate, for more information regarding available methods for cost basis reporting and how to select a particular method. Please also consult your tax adviser to determine which available cost basis method is best for you.

Limits on Frequent Trading. Excessive trading activity in the Fund is measured by the number of round trip transactions in a shareholder’s account. A round trip is defined as (1) a purchase (including a purchase by exchange) into the Fund followed by a redemption (including a redemption by exchange) of any amount out of the same Fund; or (2) a redemption (including a redemption by exchange) out of the Fund followed by a purchase (including a purchase by exchange) of any amount into the same Fund. Two round trip transactions in the Fund within a rolling 90-day period is considered to be excessive and will constitute a violation of the Fund’s trading limitations. After the detection of a first violation, the Fund or the Distributor will issue the shareholder and his or her financial intermediary, if any, a written warning. After the detection of a second violation (i.e., two more round trip transactions in the Fund within a rolling 90-day period), the Fund or the Distributor will restrict the account from making subsequent purchases (including purchases by exchange) for 90 days. After the detection of a third violation, the Fund or the Distributor will permanently restrict the account and any other accounts under the shareholder’s control in any Natixis Fund from making subsequent purchases (including purchases by exchange). The above limits are applicable whether a shareholder holds shares directly with the Fund or indirectly through a financial intermediary, such as a broker, bank, investment adviser, recordkeeper for retirement plan
participants, or other third party. The preceding is not an exclusive description of activities that the Fund and the Distributor may consider to be excessive and, at its discretion, the Fund and the Distributor may restrict or prohibit transactions by such identified shareholders or intermediaries. Notwithstanding the above, certain financial intermediaries, such as retirement plan administrators, may monitor and restrict the frequency of purchase and redemption transactions in a manner different from that described above. The policies of these intermediaries may be more or less restrictive than the generally applicable policies described above. The Fund may choose to rely on a financial intermediary’s restrictions on frequent trading in place of the Fund’s own restrictions if the Fund determines, at its discretion, that the financial intermediary’s restrictions provide reasonable protection for the Fund from excessive short-term trading activity. Please contact your financial representative for additional information regarding their policies for limiting the frequent trading of Fund shares.

This policy also does not apply with respect to shares purchased by certain funds-of-funds or similar asset allocation programs that rebalance their investments only infrequently. To be eligible for this exemption, the fund-of-funds or asset allocation program must identify itself to and receive prior written approval from the Fund or the Distributor. The Fund and the Distributor may request additional information to enable them to determine that the fund-of-funds or asset allocation program is not designed to and/or is not serving as a vehicle for disruptive short-term trading, which may include requests for (i) written assurances from the sponsor or investment manager of the fund-of-funds or asset allocation program that it enforces the Fund’s frequent trading policy on investors or another policy reasonably designed to deter disruptive short-term trading in Fund shares, and/or (ii) data regarding transactions by investors in the fund-of-funds or asset allocation program, for periods and on a frequency determined by the Fund and the Distributor, so that the Fund can monitor compliance by such investors with the trading limitations of the Fund or of the fund-of-funds or asset allocation program. Under certain circumstances, waivers to these conditions (including waivers to permit more frequent rebalancing) may be approved for programs that in the Fund’s opinion are not vehicles for market timing and are not likely to engage in abusive trading.

Trade Activity Monitoring. Trading activity is monitored selectively on a daily basis in an effort to detect excessive short-term trading activities. If the Fund or the Distributor believes that a shareholder or financial intermediary has engaged in excessive, short-term trading activity, it may, at its discretion, request that the shareholder or financial intermediary stop such activities or refuse to process purchases or exchanges in the accounts. At its discretion, the Fund and the Distributor, as well as an advisor to the Fund may ban trading in an account if, in their judgment, a shareholder or financial intermediary has engaged in short-term transactions that, while not necessarily in violation of the Fund’s stated policies on frequent trading, are harmful to the Fund or its shareholders. The Fund and the Distributor also reserve the right to notify financial intermediaries of the shareholder’s trading activity.

Accounts Held by Financial Intermediaries. The ability of the Fund and the Distributor to monitor trades that are placed by omnibus or other nominee accounts is severely limited in those instances in which the financial intermediary maintains the record of the Fund’s underlying beneficial owners. In general, the Fund and the Distributor will review trading activity at the omnibus account level. If the Fund and the Distributor detect suspicious activity, they may request and receive personal identifying information and transaction histories for some or all underlying shareholders (including plan participants) to determine whether such shareholders have engaged in excessive short-term trading activity. If the Fund believes that a shareholder has engaged in excessive short-term trading activity in violation of the Fund’s policies through an omnibus account, the Fund will attempt to limit transactions by the underlying shareholder that engaged in such trading, although it may be unable to do so. The Fund may also limit or prohibit additional purchases of Fund shares by an intermediary. Investors should not assume the Fund will be able to detect or prevent all trading practices that may disadvantage the Fund.

Purchase Restrictions

The Fund is required by federal regulations to obtain certain personal information from you and to use that information to verify your identity. The Fund may not be able to open your account if the requested information is not provided. The Fund reserves the right to refuse to open an account, close an account and redeem your shares at the then-current price or take other such steps that the Fund deems necessary to comply with federal regulations if your identity cannot be verified.

Selling Restrictions

The table below describes restrictions placed on selling shares of the Fund. Please see the SAI for additional information regarding redemption payment policies.

<table>
<thead>
<tr>
<th>Restriction</th>
<th>Situation</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Fund may suspend the right of redemption:</td>
<td>• When the NYSE is closed (other than a weekend/holiday) as permitted by the SEC.</td>
</tr>
<tr>
<td></td>
<td>• During an emergency as permitted by the SEC.</td>
</tr>
<tr>
<td></td>
<td>• During any other period permitted by the SEC.</td>
</tr>
<tr>
<td>The Fund reserves the right to suspend account services or refuse transaction requests:</td>
<td>• With a notice of a dispute between registered owners or death of a registered owner.</td>
</tr>
<tr>
<td></td>
<td>• With suspicion/evidence of a fraudulent act.</td>
</tr>
<tr>
<td>The Fund may pay the redemption price in whole or in part by a distribution in-kind of readily marketable securities in lieu of cash or may take up to 7 days to pay a redemption request in order to raise capital:</td>
<td>• When or if it is advisable for the Fund to redeem in-kind, as determined in the sole discretion of the Adviser, or if requested by the redeeming shareholder and agreed to by the Fund.</td>
</tr>
</tbody>
</table>
**Restriction**
The Fund may withhold redemption proceeds for 10 days from the purchase date: • When redemptions are made within 10 calendar days of purchase by check or ACH to allow the check or ACH transaction to clear.

The Fund reserves the right to suspend account services or refuse transaction requests if the Fund receives notice of a dispute between registered owners or of the death of a registered owner or the Fund suspects a fraudulent act. If the Fund refuses a transaction request because it receives notice of a dispute, the transaction will be processed at the NAV next determined after the Fund receives notice that the dispute has been settled or a court order has been entered adjudicating the dispute. If the Fund determines that its suspicion of fraud or belief that a dispute existed was mistaken, the transaction will be processed as of the NAV next determined after the transaction request was first received in good order.

**Certificates.** Certificates will not be issued or honored for any class of shares.

**Self-Servicing Your Account**
Shareholders that hold their accounts directly with the Fund may use the following self-service options. Shareholders that hold Fund shares through a financial intermediary should consult their financial intermediary regarding any self-service options that they may offer.

(Excludes Class N and Class T shares)

**Natixis Funds Website.**
You can access our website at www.im.natixis.com to perform transactions (purchases, redemptions or exchanges), review your account information and Fund NAVs, change your address, order duplicate statements or tax forms or obtain a prospectus, an SAI, an application or periodic reports (certain restrictions may apply).

**Natixis Funds Automated Voice Response System.** You have access to your account 24 hours a day by calling Natixis Funds’ Automated Voice Response System at 800-225-5478, option 1. Using this customer service option, you may review your account balance and Fund NAV, order duplicate statements, order duplicate tax forms, obtain distribution and performance information and obtain wiring instructions (certain restrictions may apply).

**Restructuring and Liquidations**
Investors should note that the Fund reserves the right to merge or reorganize at any time, or to cease operations or liquidate itself. At any time prior to the liquidation of the Fund, shareholders may redeem their shares of the Fund pursuant to the procedures set forth under “How to Redeem Shares.” The proceeds from any such redemption will be the NAV of the Fund’s shares. Shareholders may also exchange their shares, subject to investment minimums and other restrictions on exchanges as described under “Exchanging or Converting Shares.” For federal income tax purposes, an exchange of the Fund’s shares for shares of another Natixis Fund or Loomis Sayles Fund is generally treated as a sale on which a gain or loss may be recognized.

**Retirement Accounts.** Absent an instruction to the contrary prior to the liquidation date of the fund, for shares of the fund held using a Natixis Funds’ prototype document, in individual retirement accounts, in custodial accounts under a SEP, SIMPLE, SARSEP or 403(b) plan, or in certain other retirement accounts, Natixis Distribution, L.P. will exchange any shares remaining in the fund on the liquidation date for shares of Loomis Sayles Limited Term Government and Agency Fund (or, if that fund is no longer then in existence, in another comparable Natixis Fund or Loomis Sayles Fund) at NAV. Please refer to your plan documents or contact your plan administrator or plan sponsor to determine whether the preceding sentence applies to you.

**How Fund Shares Are Priced**
NAV is the price of one share of the Fund without a sales charge, and is calculated each business day using this formula:

\[
\text{Net Asset Value} = \frac{\text{Total market value of securities + Cash and other assets} - \text{Liabilities}}{\text{Number of outstanding shares}}
\]

The NAV of Fund shares is determined pursuant to policies and procedures approved by the Board of Trustees, as summarized below:

- A share’s NAV is determined at the close of regular trading on the New York Stock Exchange ("NYSE") on the days the NYSE is open for trading. This is normally 4:00 p.m., Eastern time. The Fund’s shares will not be priced on the days on which the NYSE is closed for trading. In addition, the Fund’s shares will not be priced on the holidays listed in the SAI. See the section “Net Asset Value” in the SAI for more details.
- The price you pay for purchasing, redeeming or exchanging a share will be based upon the NAV next calculated (plus or minus applicable sales charges as described earlier in the Fund Summary) after your order is received by the transfer agent, DST Asset Managers Solutions, Inc., (rather than when the order arrives at the P.O. box) “in good order” (meaning that the order is complete and contains all necessary information).¹
- Requests received by the Fund after the NYSE closes will be processed based upon the NAV determined at the close of regular trading on the next day that the NYSE is open. If the transfer agent receives a request in good order prior to market close (normally 4:00 p.m., Eastern time), the shareholder will receive that day’s NAV. Under limited circumstances, the Distributor may enter into contractual agreements pursuant to which orders received by your investment dealer before the Fund determines its NAV and transmitted to the transfer agent prior to market open on the next business day are processed.
Fund Services

at the NAV determined on the day the order was received by your investment dealer. Please contact your investment dealer to determine whether it has entered into such a contractual agreement. If your investment dealer has not entered into such a contractual agreement, your order will be processed at the NAV next determined after your investment dealer submits the order to the Fund.

- If the Fund invests in foreign securities, it may have NAV changes on days when you cannot buy or sell its shares.

1 Please see the section “How to Purchase Shares,” which provides additional information regarding who can receive a purchase order.

Generally, during times of substantial economic or market change, it may be difficult to place your order by phone. During these times, you may send your order by mail as described in the sections “How to Purchase Shares” and “How to Redeem Shares.”

Fund securities and other investments for which market quotations are readily available, as outlined in the Fund’s policies and procedures, are valued at market value. The Fund may use independent pricing services recommended by the Adviser and approved by the Board of Trustees to obtain market quotations. Generally, Fund securities and other investments are valued as follows:

- **Equity securities (including shares of closed-end investment companies and exchange-traded funds (“ETFs”)), exchange traded notes, rights, and warrants** — listed equity securities are valued at the last sale price quoted on the exchange where they are traded most extensively or, if there is no reported sale during the day, the closing bid quotation as reported by an independent pricing service. Securities traded on the NASDAQ Global Select Market, NASDAQ Global Market and NASDAQ Capital Market are valued at the NASDAQ Official Closing Price (“NOCP”), or if lacking an NOCP, at the most recent bid quotations on the NASDAQ Market. Unlisted equity securities (except unlisted preferred equity securities discussed below) are valued at the last sale price quoted in the market where they are traded most extensively or, if there is no reported sale during the day, the closing bid quotation as reported by an independent pricing service. If there is no sale price or closing bid quotation available, unlisted equity securities will be valued using evaluated bids furnished by an independent pricing service, if available. In some foreign markets, an official close price and a last sale price may be available from the foreign exchange or market. In those cases, the official close price is used. If a right is not traded on any exchange, its value is based on the market value of the underlying security, less the cost to subscribe to the underlying security (e.g., to exercise the right), adjusted for the subscription ratio. If a warrant is not traded on any exchange, a price is obtained from a broker-dealer. Valuations based on information from foreign markets may be subject to the Fund’s fair value policies described below.

- **Debt securities and unlisted preferred equity securities** — evaluated bids furnished to the Fund by an independent pricing service using market information, transactions for comparable securities and various relationships between securities, if available, or bid prices obtained from broker-dealers.

- **Senior Loans** — bid prices supplied by an independent pricing service, if available, or bid prices obtained from broker-dealers.

- **Bilateral Swaps** — bilateral credit default swaps are valued based on mid prices (between the bid price and the ask price) supplied by an independent pricing service. Bilateral interest rate swaps and bilateral standardized commodity and equity index total return swaps are valued based on prices supplied by an independent pricing service. If prices from an independent pricing service are not available, prices from a broker-dealer may be used.

- **Centrally Cleared Swaps** — settlement prices of the clearing house on which the contracts were traded or prices obtained from broker-dealers.

- **Options** — domestic exchange-traded single name equity options contracts (including options on ETFs) are valued at the mean of the National Best Bid and Offer quotations. Foreign exchange-traded single name equity options contracts are valued at the most recent settlement price. Options contracts on domestic indices shall be priced at the average of the closing bid and ask quotations as of the close of trading on the Chicago Board Options Exchange (“CBOE”). On the last business day of the month, the Fund will fair value the S&P 500® index options using the closing rotation values published by the CBOE. Options contracts on foreign indices are priced at the most recent settlement price. Options on futures contracts are valued using the current settlement price on the exchange on which, over time, they are traded most extensively. Other exchange-traded options are valued at the average of the closing bid and ask quotations on the exchange on which, over time, they are traded most extensively. Over-the-counter (“OTC”) currency options and swaptions are valued at mid prices (between the bid and the ask price) supplied by an independent pricing service, if available. Other OTC options contracts (including currency options and swaptions not priced through an independent pricing service) are valued based on prices obtained from broker-dealers. Valuations based on information from foreign markets may be subject to the Fund’s fair value policies described below.

- **Futures** — most recent settlement price on the exchange on which the Adviser believes that, over time, they are traded most extensively. Valuations based on information from foreign markets may be subject to the Fund’s fair value policies as described below.

- **Forward Foreign Currency Contracts** — interpolated rates determined based on information provided by an independent pricing service.

Foreign denominated assets and liabilities are translated into U.S. dollars based upon foreign exchange rates supplied by an independent pricing service. Fund securities and other investments for which market quotations are not readily available are valued at fair value as determined in good faith by the Adviser pursuant to procedures approved by the Board. The Fund may also value securities and other investments at fair value in other circumstances such as when extraordinary events occur after the close of a foreign market but prior to the close of the NYSE. This may include situations relating to a single issuer (such as a declaration of bankruptcy or a delisting of the issuer’s security from the primary market on which it has traded) as well as events affecting the securities markets in general (such as market disruptions or closings and significant fluctuations in U.S. and/or foreign markets). When fair valuing its securities or other investments, the Fund may, among other things, use modeling tools or other processes that may take into account factors such as securities or market activity and/or significant events that occur after the close of the foreign market and before the time the Fund’s NAV is calculated. Fair value pricing may require subjective determinations about the value of a security, and fair values used to determine the Fund’s NAV may differ from quoted or published prices, or from prices that are used by others, for the same securities. In addition, the use of fair value pricing may not always result in adjustments to the prices of securities held by the Fund. Valuations for securities traded in the OTC market may be based on factors such as market information, transactions for comparable securities, various relationships between securities or bid prices obtained from broker-dealers. Evaluated prices
from an independent pricing service may require subjective determinations and may be different than actual market prices or prices provided by other pricing services.

Trading in some of the portfolio securities or other investments of the Fund takes place in various markets outside the United States on days and at times other than when the NYSE is open for trading. Therefore, the calculation of the Fund’s NAV does not take place at the same time as the prices of many of its portfolio securities or other investments are determined, and the value of the Fund’s portfolio may change on days when the Fund is not open for business and its shares may not be purchased or redeemed.

Dividends and Distributions

The Fund generally distributes all of its net investment income (other than capital gains) as dividends. The following table shows when the Fund expects to distribute dividends.

**Dividend Payment Schedule**

<table>
<thead>
<tr>
<th>Quarterly</th>
</tr>
</thead>
<tbody>
<tr>
<td>AEW Global Focused Real Estate Fund</td>
</tr>
</tbody>
</table>

In addition, the Fund expects to distribute all or substantially all of its net realized long- and short-term capital gains annually (or, in the case of short-term gains, more frequently than annually if determined by the Fund to be in the best interest of shareholders), after applying any capital loss carryovers. To the extent permitted by law, the Board of Trustees may adopt a different schedule for making distributions as long as payments are made at least annually. The Fund’s distribution rate fluctuates over time for various reasons, and there can be no assurance that the Fund’s distributions will not decrease or that the Fund will make any distributions when scheduled. For example, foreign currency losses potentially reduce or eliminate, and have in the past reduced and eliminated, regularly scheduled distributions for certain funds.

Distributions will automatically be reinvested in shares of the same class of the distributing Fund at NAV unless you select one of the following alternatives:

- Participate in the Dividend Diversification Program, which allows you to have all dividends and distributions automatically invested at NAV in shares of the same class of another Natixis Fund registered in your name. Certain investment minimums and restrictions may apply. For more information about the program, see the section “Additional Investor Services;”
- Receive distributions from dividends and interest in cash while reinvesting distributions from capital gains in additional shares of the same class of the Fund, or in the same class of another Natixis Fund; or
- Receive all distributions in cash.

If a dividend or capital gain distribution check remains uncashed for six months and your account is still open, the Fund will reinvest the dividend or distribution in additional shares of the Fund promptly after making this determination and the check will be canceled. In addition, future dividends and capital gain distributions will be automatically reinvested in additional shares of the Fund unless you subsequently contact the Fund and request to receive distributions by check.

If you do not select an option when you open your account, all distributions will be reinvested. If you earn more than $10 annually in taxable income from a Natixis Fund held in a non-retirement plan account, you will receive a Form 1099 to help you report the prior calendar year’s distributions on your U.S. federal income tax return. This information will also be reported to the IRS. Be sure to keep this Form 1099 as a permanent record. A fee may be charged for any duplicate information requested.

Tax Consequences

Except as noted, the discussion below addresses only the U.S. federal income tax consequences of an investment in the Fund and does not address any non-U.S., state or local tax consequences.

The Fund intends to meet all requirements under Subchapter M of the Internal Revenue Code of 1986, as amended, (the “Code”) necessary to qualify and be eligible for treatment each year as a “regulated investment company” and thus does not expect to pay any U.S. federal income tax on income and capital gains that are timely distributed to shareholders.

Unless otherwise noted, the discussion below, to the extent it describes shareholder-level tax consequences, pertains solely to taxable shareholders.

**Taxation of Distributions from the Fund.** For U.S. federal income tax purposes, distributions of investment income are generally taxable to Fund shareholders as ordinary income. Taxes on distributions of capital gains are determined by how long the Fund owned (or is deemed to have owned) the investments that generated them, rather than how long a shareholder has owned his or her shares. Distributions attributable to the excess of net long-term capital gains from the sale of investments that the Fund owned (or is deemed to have owned) for more than one year over net short-term capital losses from the sale of investments that the Fund owned (or is deemed to have owned) for one year or less, and that are properly reported by the Fund as capital gain dividends (“Capital Gain Dividends”) generally will be taxable to a shareholder receiving such distributions as long-term capital gain includible in net capital gain and taxed to individuals at reduced rates. Distributions attributable to the excess of net short-term capital gains from the sale of investments that the Fund owned (or is deemed to have owned) for one year or less over net long-term capital losses from the sale of investments that the Fund owned (or is deemed to have owned) for more than one year, will be taxable as ordinary income.
Distributions of investment income properly reported by the Fund as derived from "qualified dividend income" will be taxed in the hands of individuals at the reduced rates applicable to net capital gain, provided holding period and other requirements are met at both the shareholder and Fund levels. Income generated by investments in fixed-income securities, derivatives and REITs generally is not eligible for treatment as qualified dividend income. Dividends received by the Fund from foreign corporations that are not eligible for the benefits of a comprehensive income tax treaty with the U.S. (other than dividends paid on stock of such a foreign corporation that is readily tradable on an established securities market in the U.S.) will not be eligible for treatment as qualified dividend income.

An additional Medicare contribution tax is imposed on the net investment income of certain individuals, trusts and estates to the extent their income exceeds certain threshold amounts. Net investment income generally includes for this purpose dividends, including any Capital Gain Dividends paid by the Fund, and net capital gains recognized on the sale, redemption, exchange or other taxable disposition of shares of the Fund.

Fund distributions are taxable whether shareholders receive them in cash or reinvest them in additional shares. In addition, Fund distributions are taxable to shareholders even if they are paid from income or gains earned by the Fund before a shareholder’s investment (and thus were included in the price the shareholder paid for his or her shares). Such distributions are likely to occur in respect of shares purchased at a time when the Fund’s NAV reflects gains that are either unrealized or realized but not distributed.

Dividends and distributions declared by the Fund and payable to shareholders of record in October, November or December of one year and paid in January of the next year generally are taxable in the year in which the distributions are declared, rather than the year in which the distributions are received.

Distributions by the Fund to retirement plans and other investors that qualify for tax-advantaged treatment under U.S. federal income tax laws generally will not be taxable, although distributions by retirement plans to their participants may be taxable. Special tax rules apply to investments through such retirement plans. If your investment is through such a plan, you should consult your tax adviser to determine the suitability of the Fund as an investment through your plan and the tax treatment of distributions to you (including distributions of amounts attributable to an investment in the Fund) from the plan.

Redemption, Sale or Exchange of Fund Shares. A redemption, sale or exchange of Fund shares (including an exchange of Fund shares for shares of another Natixis Fund or Loomis Sayles Fund) is a taxable event and generally will result in recognition of gain or loss. Gain or loss, if any, recognized by a shareholder on a redemption, sale, exchange or other taxable disposition of Fund shares generally will be taxed as long-term capital gain or loss if the shareholder held the shares for more than one year, and as short-term capital gain or loss if the shareholder held the shares for one year or less, assuming in each case that the shareholder held the shares as capital assets. Short-term capital gains generally are taxed at the rates applicable to ordinary income. Any loss realized upon a disposition of shares held for six months or less will be treated as long-term, rather than short-term, capital loss to the extent of any Capital Gain Dividends received by the shareholder with respect to the shares. The deductibility of capital losses is subject to limitations.

Taxation of Certain Fund Investments. The Fund’s investments in foreign securities may be subject to foreign withholding or other taxes. In that case, the Fund’s yield on those securities would be decreased. The Fund generally does not expect that shareholders will be entitled to claim a credit or deduction with respect to foreign taxes incurred by the Fund. In addition, the Fund’s investments in foreign securities and foreign currencies may be subject to special tax rules that have the effect of increasing or accelerating the Fund’s recognition of ordinary income and may affect the timing or amount of the Fund’s distributions to shareholders. Because the Fund invests in foreign securities, shareholders should consult their tax advisers about the consequences of their investments under foreign laws.

Backup Withholding. The Fund is required in certain circumstances to apply backup withholding on taxable dividends, redemption proceeds and certain other payments that are paid to any shareholder who does not furnish to the Fund certain information and certifications or who is otherwise subject to backup withholding.

Please see the SAI for additional information on the U.S. federal income tax consequences of an investment in the Fund.

You should consult your tax adviser for more information on your own situation, including possible U.S. federal, state, local, foreign or other applicable taxes.

Additional Investor Services

Retirement Plans

Natixis Funds offer a range of retirement plans, including Coverdell Education Savings Accounts, IRAs, SEPs and other pension and profit sharing plans. For more information about our Retirement Plans, call us at 800-225-5478.

Investment Builder Program

(Excludes Class T shares)

This is Natixis Funds’ automatic investment plan. Once you meet the Fund minimum, you may authorize automatic monthly transfers of $50 or more per Fund from your bank checking or savings account to purchase shares of one or more Natixis Funds. For instructions on how to join the Investment Builder Program, please refer to the section “How to Purchase Shares.”

Dividend Diversification Program

(Excludes Class T shares)

This program allows you to have all dividends and any other distributions automatically invested in shares of the same class of another Natixis Fund subject to the eligibility requirements of that other fund and to state securities law requirements. The fund minimum must be met in the new fund prior to
establishing the dividend diversification program. Shares will be purchased at the selected fund’s NAV without a front-end sales charge or CDSC on the ex dividend date. Before establishing a Dividend Diversification Program into any other Natixis Fund, please read its prospectus carefully.

**Automatic Exchange Plan**
(Excludes Class T shares)

Natixis Funds have an automatic exchange plan under which shares of a class of a Natixis Fund are automatically exchanged each month for shares of the same class of another Natixis Fund. The fund minimum must be met prior to establishing an automatic exchange plan. There is no fee for exchanges made under this plan. Please see the section “Exchanging or Converting Shares” above and refer to the SAI for more information on the Automatic Exchange Plan.

**Systematic Withdrawal Plan**
(Excludes Class T shares)

This plan allows you to redeem shares and receive payments from the Fund on a regular schedule. Redemptions of shares that are part of the Systematic Withdrawal Plan are not subject to a CDSC, however, the amount or percentage you specify in the plan may not exceed, on an annualized basis, 10% of the value of your Fund account based upon the value of your Fund account on the day you establish your plan. For information on establishing a Systematic Withdrawal Plan, please refer to the section “How to Redeem.”
Financial Performance

The financial highlights tables are intended to help you understand the Fund’s financial performance for the last five years (or, if shorter, the period of the Fund’s operations). Certain information reflects financial results for a single Fund share. The total returns in the table represent the return that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been audited by PricewaterhouseCoopers, LLP, an independent registered public accounting firm, whose report, along with the Fund’s financial statements, is included in the Fund’s annual report to shareholders. The annual report is incorporated by reference into the SAI, both of which are available free of charge upon request from the Distributor.

The Class T shares of the Fund have not commenced operations and had no performance history as of the date of this Prospectus. Therefore, financial highlights tables are not included for Class T shares of the Fund.
### Financial Performance

For a share outstanding throughout each period.

(a) Per share net investment income has been calculated using the average shares outstanding during the period.
(b) A sales charge for Class A shares is not reflected in total return calculations.
(c) Had certain expenses not been waived/reimbursed during the period, total returns would have been lower.
(d) The investment adviser agreed to waive its fees and/or reimburse a portion of the Fund’s expenses during the period. Without this waiver/reimbursement, expenses would have been higher.
(e) Effective July 1, 2017, the expense limit decreased from 1.35% to 1.25%.
(f) Effective May 1, 2015, the expense limit decreased from 1.40% to 1.35%.
(g) Effective July 1, 2014, the expense limit decreased from 1.50% to 1.40%.

Appendix A - Financial Intermediary Specific Sales Load Waivers

Set forth below is information regarding sales load waivers and discounts available at specific financial intermediaries which are not affiliated with the Fund, the Adviser and/or the Distributor. In all instances, it is the purchaser’s responsibility to notify the financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales load waivers or discounts.

Ameriprise Financial

Class A Shares Front-End Sales Charge Waivers Available at Ameriprise Financial:

The following information applies to Class A shares purchases if you have an account with or otherwise purchase Fund shares through Ameriprise Financial:

Shareholders purchasing Fund shares through an Ameriprise Financial platform or account are eligible for the following front-end sales charge waivers and discounts, which may differ from those disclosed elsewhere in this Fund’s prospectus or SAI:

• Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs.
• Shares purchased through an Ameriprise Financial investment advisory program (if an Advisory or similar share class for such investment advisory program is not available).
• Shares purchased by third party investment advisors on behalf of their advisory clients through Ameriprise Financial’s platform (if an Advisory or similar share class for such investment advisory program is not available).
• Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other fund within the same fund family).
• Shares exchanged from Class C shares of the same fund in the month of or following the 10-year anniversary of the purchase date. To the extent that this prospectus elsewhere provides for a waiver with respect to such shares following a shorter holding period, that waiver will apply to exchanges following such shorter period. To the extent that this prospectus elsewhere provides for a waiver with respect to exchanges of Class C shares for load waived shares, that waiver will also apply to such exchanges.
• Employees and registered representatives of Ameriprise Financial or its affiliates and their immediate family members.
• Shares purchased by or through qualified accounts (including IRAs, Coverdell Education Savings Accounts, 401(k)s, 403(b) TSCAs subject to ERISA and defined benefit plans) that are held by a covered family member, defined as an Ameriprise financial advisor and/or the advisor’s spouse, advisor’s lineal ascendant (mother, father, grandmother, grandfather, great grandmother, great grandfather), advisor’s lineal descendant (son, step-son, daughter, step-daughter, grandson, granddaughter, great grandson, great granddaughter) or any spouse of a covered family member who is a lineal descendant.
• Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e. Rights of Reinstatement).

Merrill Lynch

Shareholders purchasing Fund shares through a Merrill Lynch platform or account are eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Prospectus or in the SAI.

Front-end Sales Load Waivers on Class A Shares available at Merrill Lynch

• Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan;
• Shares purchased by or through a 529 Plan;
• Shares purchased through a Merrill Lynch affiliated investment advisory program;
• Shares purchased by third party investment advisors on behalf of their advisory clients through Merrill Lynch’s platform;
• Shares of funds purchased through the Merrill Edge Self-Directed platform (if applicable);
• Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family);
• Shares exchanged from Class C (i.e., level-load) shares of the same fund in the month of or following the 10-year anniversary of the purchase date;
• Employees and registered representatives of Merrill Lynch or its affiliates and their family members;
• Directors or Trustees of the Fund, and employees of the Fund’s investment adviser or any of its affiliates, as described in the Prospectus; and
• Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the
redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).

**CDSC Waivers on Class A and Class C Shares available at Merrill Lynch**

- Death or disability of the shareholder;
- Shares sold as part of a systematic withdrawal plan as described in the Fund’s Prospectus;
- Return of excess contributions from an IRA account;
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½;
- Shares sold to pay Merrill Lynch fees but only if the transaction is initiated by Merrill Lynch;
- Shares acquired through a right of reinstatement; and
- Shares held in retirement brokerage accounts, that are exchanged for a lower cost share class due to transfer to a fee based account or platform.

Merrill Lynch clients subject to a CDSC when transferring from one share class to another may be eligible for CDSC proration. Merrill Lynch will remit the portion of the payment to be made to the Distributor solely for the number of months remaining on the CDSC period divided by the total number of months of the CDSC period.

**Front-end load Discounts Available at Merrill Lynch: Breakpoints, Rights of Accumulation & Letters of Intent**

- Breakpoints as described in this Prospectus;
- Rights of Accumulation (ROA) which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at Merrill Lynch. Eligible fund family assets not held at Merrill Lynch may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets; and
- Letters of Intent (LOI) which allow for breakpoint discounts based on anticipated purchases within a fund family, through Merrill Lynch, over a 13-month period of time (if applicable).

**Morgan Stanley Wealth Management**

Shareholders purchasing Fund shares through a Morgan Stanley Wealth Management transactional brokerage account are eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than those disclosed elsewhere in this Fund’s Prospectus or SAI.

**Front-end Sales Charge Waivers on Class A Shares available at Morgan Stanley Wealth Management**

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs, SAR-SEPs or Keogh plans
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley’s account linking rules
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund
- Shares purchased through a Morgan Stanely self-directed brokerage account
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management’s share class conversion program
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge.

**Raymond James & Associates, Raymond James Financial Services, Inc., & Raymond James affiliates**

Shareholders purchasing Fund shares through a Raymond James platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund’s Prospectus or SAI.

**Front-End Sales Load Waivers on Class A Shares available at Raymond James**

- Shares purchased in an investment advisory program
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family)
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occurs in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement)
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James
Appendix A - Financial Intermediary Specific Sales Load Waivers

CDSC Waivers on Classes A and C Shares available at Raymond James

- Death or disability of the shareholder
- Shares sold as part of a systematic withdrawal plan as described in the Fund’s prospectus
- Return of excess contributions from an IRA account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the Fund’s prospectus
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James
- Shares acquired through a right of reinstatement

Front-End Load Discounts Available at Raymond James: Breakpoints and/or Rights of Accumulation

- Breakpoints as described in this prospectus
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets
If you would like more information about the Fund, the following documents are available free upon request:

Annual and Semiannual Reports—Provide additional information about the Fund’s investments. Each annual report includes a discussion of the market conditions and investment strategies that significantly affected the Fund’s performance during its last fiscal year.

Statement of Additional Information (SAI)—Provides more detailed information about the Fund and its investment limitations and policies. The SAI has been filed with the SEC and is incorporated into this Prospectus by reference.

For a free copy of the Fund’s annual or semiannual reports or its SAI, to request other information about the Fund, and to make shareholder inquiries generally, contact your financial representative, visit the Fund’s website at im.natixis.com or call the Fund at 800-225-5478.

Important Notice Regarding Delivery of Shareholder Documents:

In our continuing effort to reduce your fund’s expenses and the amount of mail that you receive from us, we will combine mailings of prospectuses, annual or semiannual reports and proxy statements to your household. If more than one family member in your household owns the same fund or funds described in a single prospectus, report or proxy statement, you will receive one mailing unless you request otherwise. Additional copies of our prospectuses, reports or proxy statements may be obtained at any time by calling 800-225-5478. If you are currently receiving multiple mailings to your household and would like to receive only one mailing or if you wish to receive separate mailings for each member of your household in the future, please call us at the telephone number listed above and we will resume separate mailings within 30 days of your request.

Your financial representative or Natixis Funds will also be happy to answer your questions or to provide any additional information that you may require.

Text-only copies of the Fund’s reports and SAI are available free from the EDGAR Database on the SEC’s Internet site at: www.sec.gov. Copies of this information may also be obtained, after paying a duplicating fee, by electronic request at the following e-mail address: publicinfo@sec.gov.

Portfolio Holdings—A description of the Fund’s policies and procedures with respect to the disclosure of each Fund’s portfolio securities is available in the SAI.
